Generation No. 1

1. FREDERICK¹ HILL was born September 13, 1745 in Brunswick, Germany¹, and died May 02, 1838 in Bedford Co, PA, age 93². He married ELIZABETH DEFIBAUGH April 01, 1779 in Colerain Twp, Bedford Co, PA at the home of her father, Casper Defibaugh³, daughter of CASPAR DEFIBAUGH and CATHERINE MISCHLER. She was born February 05, 1757 in Lancaster Co, PA, and died September 28, 1854 in Harrison Twp, Bedford Co, PA, age 97⁴.

Notes for FREDERICK HILL: Frederick grew up in Germany, but nothing is known of him until he came to America. According to family genealogist, Juanita Kellerman, Frederick was born April 13, 1750 in Braunschweig (Brunswick), Germany (source: Kellerman, Juanita, "The Hill Ancestor was a Hessian Soldier," *The Garnett Review*, 3 Feb 1986). He was a Revolutionary War veteran who came to America as a German Mercenary with General Burgoyne's army. Frederick took the place of an older brother in Germany who had been drafted into the Army. Frederick was born in the village of Helmscherode near Gandersheim in the Duchy of Brunswick. He was one of 5,723 Hessian soldiers brought to North America from Brunswick. He deserted 14 June 1777 with 17 other men, and fought with the Americans for a while with General Pulaski and under Gen. Gates (source: Hiller, A.D., Executive Assistant to the Administrator, Letter to Edna G. Pellett Concerning Frederick Hill, Revolutionary War Veteran, 7 Jan 1938, From the Revolutionary War Claim for Pension, W. 7738).

This account was written by A.D. Hiller (1939): "Frederick Hill was in the British Army under General Burgoyne in the northern part of New York State, when he and seventeen other soldiers left the British and on June 14, 1777, crossed the Hudson River in an old boat, using their hats for oars, and joined the American Army under General Gates, served under Major Washington, was present at the capture of Burgoyne's Army, after which, he, with eight of the men who crossed the Hudson with him, was sent to Springfield, New Jersey, where he served under Captain Andrew Mann and guarded, for a short time, between the two and three hundred prisoners captured by the Americans from Colonel ___ Regiment; sometime later in October, 1777, he went to White Plains and enlisted in Captain ___ (Irwin's) Company of the Flying Camp___ until March 1778, during which period he aided in ___ three bridges, one over the Hackensack River, and was discharged from the Flying Camp at White Plains. After this service he went to Fredericktown, Maryland, where he again entered the service under General Pulaski and in the fall of 1778, was ordered to Staunton, Virginia, where he, being a blacksmith, was engaged during the winter (1778-1779) caring for the horses of General Pulaski's Corps and assisted in making seven hundred pairs of horseshoes. When General Pulaski marched to the south, Frederick Hill remained in Staunton caring for a number of lame horses, and when he heard of General Pulaski's death, he returned to Fredericktown, Maryland, with the horses where he delivered them to the proper authorities. He volunteered in 1780 and served three months as Indian spy and scout, in Bedford County, Pennsylvania, under Lieutenant Wood and Colonel Davidson. He joined the Pennsylvania militia in 1780. After the Revolutionary War, he moved from Fredericktown, Maryland, to Bedford County, Pennsylvania, Frederick was allowed pension on his application executed January 1, 1834, at which time he was a resident of Napier Township, Bedford Co. PA."

Frederick received a pension for service as a private in Berks Co, PA militia (source: DAR volume 16, p. 27; Newman, Harry Wright, *Maryland Revolutionary Records*, Washington D.C., 1938, page 115). In 1785, he owned land valued at 13 pounds in Colerain Twp (PA Archives, Vol. III, p. 85). Frederick was paid 38 pounds 15 shillings for serving the state of PA as a substitute in the fifth class of Berks Co, PA. Payment was received 14 March 1778 (recorded in the PA Archives, Vol. 5, Fifth Series, p. 259).

On 8 March 1794, Frederick Hill purchased 100 acres of land with buildings in Colerain Twp, Bedford Co, PA from Martin and Catharina Frits for 70 pounds (Photocopy of Bedford Co. land record in the files of M.L. Cook, copied

Working file of Mary Lou Cook, updated 5 May 2016

June 2009). This land was located "on the north side of the river Juniata, adjoining lands of William Frazer on the West, John Devebaugh on the East, Juniata on the South East, and on the North bounded by Dunning's Mountain in the Township of Providence." The following information abstracted from the land record by Mary Lou Cook: Indenture dated 8 March 1794 between Martin Frits of Colerain Twp, Bedford Co, PA and Frederick Hill, Blacksmith, of Providence Twp, Bedford County, PA.

[The following information documents the owners of the land]

1. Thomas Burns obtains a warrant from Pennsylvania on 2 Sept 1785 for 100 acres of land on the North side of the Juniata River, adjoining the lands of William Frazer on the West, John Devebaugh on the East, the Juniata River on the South East and bounded on the North by the Dunning's Mountain in Providence Twp.
2. Thomas Burns sold the land to Thomas Anderson, Town of Bedford Inn keeper, on 17 March 1787.
3. Thomas Anderson sold the land to Martin Frits on 14 June 1792.
4. Martin Frits and his wife Catherine sold the land to Frederick Hill.

Frederick Hill and his wife Elizabeth sold 111 acres of land in Providence Twp to John Ewalt, Tanner, of the town of Providence for 200 pounds on 8 March 1794 (Photocopy of Bedford Co. land record in the files of M.L. Cook, copied June 2009).

An indenture dated 16 Sept 1800 between Frederick Hill and his wife Elizabeth who were selling land to Isaac Rineart in Hopewell Twp. The record states that a patent was executed by Thomas McKean, Esq, Governor of Pennsylvania dated 28 Jan 1800 on a tract of land called "Hope" situated between the Warrior Ridge and T___ Mountain in Hopewell Twp. The land, consisting of 194 acres, was surveyed on 8 Jan 1793 and granted to Daniel Devibaugh, who sold it to Frederick Hill. On page 2 of this record, you can see that Frederick Hill signed the indenture, but Elizabeth made her mark, indicating that she could not write her name.

Frederick and his wife Elizabeth had 12 children (7 sons and 5 daughters). I have guessed at some of the birthdates based on 1820 and 1830 census records. They moved to Bedford Co. PA from Fredericktown, MD after the Revolutionary War. Frederick was taxed in Colerain Twp in 1785. According to land records in Bedford Co, PA, Frederick Hill and family lived in Providence Twp when he purchased land in 1794. Frederick is buried at Schellsburg, PA, Old Log Church Cemetery, next to his wife. At one time, there was a plaque containing his name in the church at Schellsburg, but when I visited the church in 2009, the plaque was not there.

Notes for ELIZABETH DEFIBAUGH: My great-aunt, Hazel Keim Warner, told me that Elizabeth moved with her family to Bedford Co, PA at the age of 11. The widow applied for a pension on 21 Aug 1847 in Bedford Co, PA, and it was granted. At that time she lived in Harrison Twp, Bedford Co, PA. Elizabeth is buried next to her husband, at Old Log Church Cemetery, Schellsburg, Bedford Co, PA, located at the west edge of Schellsburg on Route 30. According to Frederick's pension papers, she gave birth to 12 children. In July 2009, M.L. Cook visited

the cemetery and found Elizabeth's stone broken and on the ground next to Frederick's marker. It was repaired in about 2013 for a ceremony at the cemetery.

He married (1) SOPHIA METZGER TREADWELL April 03, 1842 in Bedford Co, PA¹⁴. She was born January 02, 1827 in Bedford, PA¹⁴, and died December 03, 1878 in LeCompton, Kansas, interred Maple Grove Cemetery, LeCompton, Douglas Co, KS^{14,15}. He married (2) CARRIE MELINDA December 14, 1879 in LeCompton, Kansas¹⁶. She was born December 1849 in Indiana, and died Aft. 1920 in Prob. California.

Notes for FREDERICK BYER HILL: From the LeCompton Historical Society newsletter, "Bald Eagle" (Winter 1987); [Frederick] "was a friend and supporter of the United Brethren Church, and during his stay in Iowa, he had held an official relationship with Western College there. During his residence in Lecompton of thirty three years, he was a constant friend of Lane University and was, for many years, a member of the board of trustees. He was also called upon to fill numerous offices in the city and county governments." Frederick B. Hill is listed as a postmaster in Lecompton in 1865.

1850 census (10 Oct), Harrison Twp, Bedford Co, PA: Frederick Hill (34), Sophia Hill (24), Elizabeth Hill (8), John Q.A. Hill (3). They lived next door to John Lantz Hill and Washington Holler.

1860 census, College, Linn Co, Iowa: Frederick B. Hill (43), Sophia Hill (33), Elizabeth Hill (17), John Q.A. Hill (12), Harriett Hill (10), Mary Hill (7), Julia Hill (5), James Hill (2), Susan May (30), Love Penington (30), William Milme (23), David Schocky (16), Norman Bartlett (25), Wesley J. Bower (35). Norman Bartlett was the future husband of Elizabeth Hill. It is not known who the other people were but it's possible that Frederick and Sophia rented out rooms in their home, or that they ran a rooming house. It was certainly a large household for that time. Frederick was living in Iowa from at least 1860 through 1864 because his two sons William and Elmer were born there. Did he move from PA to Iowa to escape the fighting of the Civil War? He moved to Kansas sometime between 1864 and 1867 if his daughter, Helen, was born there.

1870 census, Clinton PO, LeCompton, Douglas Co, KS: Frederick (53) and Sophia (44) Hill, with children John Q. (22), Harriet (19), May (17), Julia (15), James F. (12), William S. (10), Elmer J. (7), Helen V. (4), and an infant (1 month). There was also a farm laborer, Lewis Jefferson (22).

1880 census, LeCompton, Douglas Co, KS: Frederick B. Hill (63), Carrie Hill (30), wife, and children William S. (19), Elmore J. (16), Helen V. (13). Also in the family were Frederick's step daughters Pearly (11) and Luly Macy (10), both born in Kansas. Nearby in 1880 was the Andrew Treadwell family, assumed to be relatives of Frederick's first wife, Sophia Treadwell. These two families probably moved together from Iowa to Kansas because several of the Treadwell children were born in Iowa.

Notes for CARRIE MELINDA:

1870 census, Clinton, Douglas Co, KS: Orson B. (25) and Melinda C. (20) Macy with daughters Perly (2) and Lulie (4). Owen is a Wagon maker with property valued at \$700 and \$250.

Children of FREDERICK HILL and SOPHIA TREADWELL are:

Notes for MARGARET "MAGGIE" S. HILL: Margaret and her husband had a license to haul food to soldiers during the Civil War. They came to Anderson Co, Kansas after the war (source: Juanita Kellerman letter to Mary H West). In 1901, shortly before his death, Lewis was interviewed by Charles R. Green, who did historical work in Osage County, Kansas for the Kansas State Historical Society. He wrote this about Lewis Kellerman: "he tells how he was postillion on a horse railway from Baltimore to Frederick City, Md., later the Baltimore & Ohio railroad; was also a freighter on the United States national road, from Cumberland to Indianapolis. This talk was in 1901, shortly before his death, at the age of eighty-nine."

10. MARY ELLEN³ HILL (*JACOB "JAKE"², FREDERICK¹*) was born May 18, 1827 in Bedford Co, PA, and died March 25, 1885 in South Reeder Twp, Westphalia, Anderson Co, KS age 58, interred Cherry Mound Cemetery²⁷. She married (1) CORNELIUS DANIEL HELFERTY Abt. 1847 in Bedford Co, PA. He was born April 08, 1816, and died 1848 in Harrison Twp, Bedford Co, PA. She married (2) JAMES B. "JIM" TIPTON November 04, 1850 in PA prob. Bedford County²⁸, son of NOAH TIPTON and ELIZABETH WAGAMAN. He was born March 13, 1826 in Somerset Co, PA²⁸, and died July 26, 1896 in Westphalia, Anderson Co, KS age 70, interred Cherry Mound Cemetery.

Notes for MARY ELLEN HILL: On a list of baptisms in the Old Log Church, Schellsburg, PA (Vol. IV, p. 75) she was listed as Mary Elanora. She and her brother James were both baptized 3 May 1830.

1850 census (1 October), Harrison Twp, Bedford Co, PA: Ellen Hefferty (25) lived in the household of Moses Laferty (34) and his 4 children ages 9-1. This could be Mary Ellen Hill except that her 1 year old daughter, Mary, is not listed.

Note: A little over a month after this census was taken, Mary Ellen Hill Halferty married James B. Tipton, who lived in the Dry Ridge area of Londonderry Twp, which touches on Harrison Twp to the north. I was not able to identify the exact location of Dry Ridge but was told it was near West End, which is in Juniata Twp very near the border with Somerset Co, PA. Did Ellen and James Tipton attend the same church? Her father was buried at Trinity Reformed Church on Glade Pike, in Juniata Twp, so it's reasonable to assume she also attended church there.

Will of Cornelius Helferty of Harrison Twp., deceased.

Will dated: 01 April 1848; Will proved: 23 May 1848.

Wife: Mary Elen.

Mentions: "Until my child if it shall live."

Executor: Mary Elen Helferty; Witnesses: George Troutman and F. B. Hill.

Notes for JAMES B. "JIM" TIPTON: In her "Hill Family History," Hazel Keim Warner wrote, Jim's father was a farmer, and the "advantages of schooling were meager for all of the youth of their day. They attended a log school house with a huge fireplace in one end. The seats were made from logs split in two parts with holes bored for legs. The terms were from two and half to three months. They studied arithmetic, spelling, writing, and used the Bible as textbook for reading. The teacher's wages were from 9 - 10 dollars per month. The teacher was congenial enough to board around among his patrons most of the time. To these same rude structures used for instruction of the children, the people would gather to hear the earnest circuit rider preach the word of God." Jim and Ellen set up housekeeping at the Beckonire place (Hyndman, PA?). They built a house that stood along the road, that is now gone. "Grandfather [James B] Tipton moved to Hyndman, Bedford County, PA when he was a young man (about 1845) and lived there for 16 years before bringing his family overland in a covered wagon with two teams and effects to Northern Illinois in 1863. Family legend holds that before they left Bedford County, he told his sons to put their ears to the ground to hear the guns of Gettysburg. He sold property on February 10, 1860 in Harrison Twp, Bedford Co, PA for \$1300.00 (source: Bedford County PA Courthouse Records, Records Office, Deed located in 1973 by Helen Tipton Ritchey). They moved west to avoid the fighting of the Civil War, and they moved on to Anderson County, Kansas in 1865. It is said that Jim was the first settler in Westphalia (source: Jeane Tipton). The year 1874 is known in Kansas as the "grasshopper year" and many settlers' crops were ruined. The Tiptons were members of the Brethren Church, which was instrumental in obtaining aid for Kansas farmers. It's interesting that the church in Cherry Grove, IL (where James' mother attended) gave the largest amount of relief money. It's also interesting that James' daughter, Anna Tipton, would later marry a relative of C.L. Keim, the "general treasurer of the Relief Society of the Church of the Brethren for the whole grasshopper district in Western Kansas..." (Craik, 1922, p. 30). It should also be noted that James' sister, Gemima, had married a Studebaker. Several of his Studebaker cousins were prominent in the Brethren church of Kansas and northern Illinois.

The farm homestead in Kansas was three and a half miles north and a half mile west of Westphalia " (visited in Sept. 2015 by ML Cook) and it was still standing in 2015 with the name Corley on the fence in front. Jim's will was probated in August 1896 in Anderson Co, KS. His cause of death was "Dropsy."

1850 census, Londonderry Twp, Bedford Co, PA: James (23) was living with his parents and siblings.

1860 census, Dry Ridge PO, Londonderry Twp, Bedford Co, PA: James B. Tipton (34), wife Mary E. (33), Mary A. Tipton (Helvety) (11), Francis E (7), Wm. (5), Noah A. (3), Ann A. (1). James was a farmer and they had property worth \$500 and \$200. Next door were Jim's parents and two siblings.

1870 US census (July 06), Garnett, Reeder Twp, Anderson Co, KS: Jas Tipton (44), Mary E. Tipton (43), and children James (16), Wm B. (14), Samuel (12), Anna (10), Sybert (8), Wright (6), and Johnny (1). James was a farmer and they had property worth \$2000 and \$1750.

1880 census, South Reeder, Anderson Co, KS, near the Kellerman, Studebaker, and Corley families: James Tipton (53), wife Ellen (52), and children William (25), Anna (21), Sybert (18), Charles (15), Edith (14), John (11).

"In Memorium"

"It has been often said, that death leaves a shining mark. This saying has been verified in the death of our young friend and brother, John X. Tipton, who passed peacefully away the morning of Oct. 21st, 1891. The deceased was born at Cherry Mound, Kansas, January 31st, 1869, and was therefore just entering upon the stage of active manhood. His death is sadly regretted by a wide circle of friends, who believed that he possessed capabilities of great usefulness, and that his future would be productive of good results. Having kindred and friends in our city, he came in the early autumn to establish himself among us in business, and in his brief stay he drew many persons very warmly unto his friendship and fellowship. A little over four weeks ago he became ill, and while all possible effort was exerted to restore him to health again, yet death triumphed, and Brother Tipton passed away, not however without leaving behind a good testimony of his preparation to depart and be with the Lord. He died in the home of his brother-in-law, Mr. Geo. W. Smith, where he received the most careful attention. Converted a few years ago, he had unfortunately wandered away from the Savior but upon his ___tion in our city, he again began seeking the favor of the Lord, and finally gave assurance of his personal acceptance with the face of Christ. Brief funeral services were ___ on the afternoon of the 21st ___ today his body is borne by the relatives to the family burying ___ near Westphalia, Kansas where his Mother lies buried. His last word was "Mother," and at her side he will be placed to await the resurrection of the just." J. H. Snyder

When *Portrait and Biographical Record of Leavenworth, Douglas, and Franklin Counties, Kansas...* was published in 1899, William lived in Bard, Bedford Co, PA and had extensive land holdings. The book showed that he was "with the Pennsylvania Railroad." They are buried in Trinity Reformed Cemetery, Glade Pike Rd (Rt. 875), Juniata Twp, Bedford Co, PA. This is the road known as "Bedford Counties Sky-Line Drive."

William's newspaper obituary appeared in the Bedford Gazette (Friday, January 15, 1909), and it states that he married Margaret Fisher in October 1853. The name passed down to me from Hazel Keim Warner was Margaret Wagner. More investigation needs to be done to prove Margaret's maiden surname, but I've changed it to Fisher in this working file.

Portrait and biographical record of Leavenworth, Douglas and Franklin Counties, Kansas: containing portraits, biographies and genealogies of well known citizens of the past and present; together with portraits and biographies of all the presidents of the United States published in 1899 by Chapman Bros. (FHL film 1,000,036 item 1), Pg.249-250:

"DANIEL MARK HILL owns and occupies a farm of two hundred acres at Big Springs, one of the most delightful locations, not only of Douglas County, but of eastern Kansas as well. On the land are thirty-one mineral springs possessing health-restoring mineral properties that will at some future day without doubt make the place a noted health resort. Nor is the presence of the springs the only claim which the place has to public notice. Those interested in the early history of the state regard it as an historic landmark, for it was the site of the first territorial convention and served as the headquarters of "Jim" Lane during the exciting days of border ruffian warfare.

Mark Hill (for by his middle name our subject is best known) was born in Bedford County, Pa., August 4, 1836, a son of Jacob and Rosina R. (Byer) Hill. He was one of eleven children, five now living, viz.: Margaret, wife of Louis Kellerman, a retired stockman of Burlington, Kans.; William, who is with the Pennsylvania Railroad Company and resides at Bard (Bend?), Pa., where he is an extensive holder of farming lands; Daniel Mark; Anna, wife of Ellis Miner, who is engaged in the wholesale dry-goods business at Heppner, Ore.; and Kate, wife of Samuel Zike, who is engaged in the hotel and livery business in Nebraska. Jacob Hill was born in Bedford County, Pa., where he early became prominent in political life, although he was educated for the Lutheran ministry. He was a power in his party and filled many offices in his section of the country.

When our subject was nine years of age his father died and he was taken into the home of an older brother, a farmer and business man of Bedford County, who owned a farm of four hundred acres, also a sawmill, blacksmith's and shoemaker's shop. He was fourteen when he began teaming for his brother and became so expert in his work that he could drive six horses with a single line; his skill as a driver caused his associates to say: "Show Hill a knot hole and he will drive the team through." In 1854 he married Miss Delilah, daughter of John Boone, who was a great-nephew of Daniel Boone. After his marriage he continued teaming and also engaged in farming. In 1862 he left the business in the care of his brother and visited Iowa with a view to locating there. After a year he came to Kansas and spent some months, then returned to Iowa. His brother sold out in the east and located in Anderson, while our subject, settling at Weston, Iowa, became the leading business man of the town, where he operated a brick yard, a shoe store, a meat market and a general contracting business. In 1867 he disposed of his business there and came to Kansas, settling at Cherry Mound, Anderson County, where he embarked in farming and the stock business. On account of his wife's ill health he came to Douglas County in 1869 and settled in Lecompton Township, two miles south of the village of Lecompton, where he planted and carried on a fruit farm, also engaged in raising sheep and cattle. Some ten years later he removed to Jefferson County and for four years was foreman of the Elliott farm of nine hundred and sixty acres, meantime clearing the farm of mortgage. From there he returned to Douglas County and bought his present farm in Lecompton Township.

By his marriage Mr. Hill had seven children, namely: William, a prominent business man of Oklahoma City; Charles, who is with the Poehler Mercantile Company in Lawrence; George, a rising young business man of Kelso, Wash.; Jesse B., who is a partner of his brother in Kelso; Frederick, who is in the Klondike; Anna, wife of C.T. Spencer, a farmer of Douglas County; and Lulu, who married E.M. Duncan and resides upon a farm in this county. The wife and mother died in July, 1897. She was an earnest worker in the United Brethren Church and was highly esteemed by all who knew her. Mr. Hill has contributed to the support of the church and also to other worthy movements. He is a supporter of the Republican party and, had he so desired, might have been elected to any of the local offices, but he prefers to devote himself to his private interests."

According to the Lecompton, Kansas Historical Society newsletter, "Bald Eagle" (Winter 1987), Delilah Boone was the daughter of a great-nephew of Daniel Boone.

53. ANNA AMELIA "ANNIE"⁴ TIPTON (*MARY ELLEN³ HILL, JACOB "JAKE"², FREDERICK¹*) was born May 22, 1859 in Hyndman, Bedford Co, PA, and died March 20, 1937 in Goshen, Elkhart Co, IN at the Warner home, age 77, interred Cherry Mound Cemetery, Westphalia, Anderson Co, KS¹²⁷. She married JOHN CRIFE KEIM December 24, 1885 in near Westphalia, Kansas by Rev. J.K. Spencer¹²⁸, son of TOBIAS KEIM and ANNA DOMER. He was born January 07, 1857 in Across the street from the Warner farm near Goshen, Elkhart Co, IN¹²⁹, and died June 18, 1927 in Gravois Mills, Morgan Co, MO, interred Cherry Mound Cemetery, Westphalia, Anderson Co, KS.

Notes for ANNA AMELIA "ANNIE" TIPTON: Newspaper obituary: Anna, daughter of James B. and Ellen Tipton, was born in Bedford County, Pennsylvania, May 22, 1860. She died at the home of her daughter, Mrs. DeMain Warner, in Goshen Indiana, March 20, 1937. The deceased came to Kansas with her parents when but a small child, and who settled in the Cherry Mound community. When a young girl she united with the U.B. Church at Cherry Mound and steadfastly clung to that faith, and was an active member until her death. She was united in marriage to John C. Keim December 24, 1885, and of this union was born one son, James Ross, who died in infancy; and three daughters who survive her. They are: Mrs. Madge Dollimore, of Pueblo, Colorado; Mrs. Opal Haymaker, of South Bend, Indiana; Mrs. Hazel Warner, of Goshen, Indiana; ten grandchildren; one brother, Charles W. Tipton; one sister, Mrs. Edith Stephenson; two sisters-in-law, Mrs. Eva Tipton, Homewood, Mrs. Minnie Tipton, besides numerous nieces and nephews and a host of friends.

Funeral services were held at the home of her daughter in Goshen Monday afternoon, March 22, conducted by the Rev. S.M. Whetstone, pastor of the First Brethren Church of that city, after which the body was brought to Westphalia and taken to the home of Mrs. Minnie Tipton with whom she had made her home for several years before going to live with her daughters. The funeral was held at Cherry Mound, her girlhood home, March 24, the services being in charge of Rev. N.L. Vezie, of Iola, her former pastor and friend, and whose remarks on the life and character of the departed were both consoling and impressive. The music was furnished by Mrs. Pettijohn at the piano. Eva Hill and Ruth McGinnis sang "There is a Home Eternal," "Haven of Rest," and "Gathering Home." Pall bearers were Bruce Hill, Mark Hill, Jesse Alban, Arthur Agnew, Lee Tipton and Dell Griffin.

Those who attended the funeral from a distance included Mr. and Mrs. Demain Warner and family, Mr. and Mrs. Lewis Dollimore, Mrs. Harry Haymaker, Glenn Tipton and son, of Detroit; Levi D. Keim and daughter Miss Bernice, of Kansas City; Mrs. Orville Reinfeldt and Rev. and Mrs. N.L. Vezie, of Iola; Mrs. K.B. Stevenson and Virginia Lou, of Garnett, and Mrs. Eva Tipton and daughter, Miss Helen, of Homewood.

The writer has known the deceased well and favorably since 1884. He has always known her as a most excellent, admirable woman, always frugal and just, and one who never spoke an ill of anyone. As a wife and mother there were no better, and with it was always the truest neighbor and friend. Everyone who knew her was her friend, and that is saying a great deal for or of anyone. Yes, she will be greatly missed by her family and large circle of friends, and they all have our deepest sympathy."

Anna Tipton's daughter Opal wrote the following: "Things I remember my mother telling about her early life. She was born May 22, 1859. She attended country school at Cherry Mound [Kansas] N. of Westphalia. Also a United Brethren church (she attended & a long time member) that was close by the school with a cemetery, north, across the road where she, my father, grandparents Mr. & Mrs. James Tipton, uncles, aunts & our only brother who was 6 mos. old when he died of whooping cough. My mother was about 4-5 years old when her parents older brothers & sisters came by covered wagon from Penns when they crossed the river at St. Louis by barge. She & her older brother Will were in back of wagon where they could see out when they were pointing their fingers at the first black man they had ever seen. When he spied them he said something to them. They were scared & got back in wagon where he couldn't see them. When she was a young woman her father sent her to Rich Hill, MO [in 1880] to attend a school for dressmakers. After she finished the course there she came back to Westphalia and she had a shop where she did dressmaking and the friend [Amelia] had a millinery store. She & my father were married on Christmas Eve at my grandparents home. Before marriage she had taken care of a half sister Mary Halferty who died of consumption [1880], which in our time has been called tuberculosis. When my sister Madge was 6 weeks old, April 1887, she took her on a train to Western Kans. where my father had gone some time before and took up land (claim it was called), built a sod house. This was in Logan County" (Handwritten by Opal Keim Haymaker, March 1977).

Family legend is that during the Civil War, when Anna was only about 4 years old, the family moved to northern Illinois to get away from the fighting. Two years later, in 1865, they moved on to Anderson Co. Kansas to a farm about 3 miles north of Westphalia. Anna had 2 older brothers and an older sister, as well as 3 younger brothers and a younger sister. Anna's granddaughter Mary told this story: When Hazel was a baby, the family lived in a sod house in western Kansas. Anna entered the sod house only to find a snake crawling on the ceiling, right above baby Hazel's cradle. Opal told her granddaughter, Mary Lou, that Anna was an extraordinary dressmaker, and that Anna could look at a dress in the store, and then go home and replicate the dress without a pattern. The family of Mary L. Haymaker (Opal Keim's daughter) still has a pink and white quilt made by Anna.

It is interesting to consider the early life of Anna Tipton because she actually went to school and took up an occupation before marriage after age 26, which was fairly late for those times. I wonder if she thought she would not marry. Earlier, Anna had nursed her older half-sister, Mary Halverty, who died of consumption (tuberculosis), and Anna began to show symptoms of the disease. She had her share of other losses as her mother died in March 1885, the year she married, and her father died the next year. Anna had begun to show signs of consumption, so she took the train to western Kansas, Logan Co. near Russell Springs when her daughter Madge was 6 weeks old. The move to Kansas was thought to be advantageous for TB (called consumption at that time). She and her family lived at the Tipton homestead in Westphalia, KS for several years after her father died, and they were still there when the 1900 census was taken. By 1910, they had moved to Iola as her husband made a change from farming to hotel operation. Anna had a good singing voice, according to Gen Warner - friends would say "strike up a tune Annie."

After her husband died, she stayed for a while with Minnie Tipton, widow of Sam Tipton. She also spent time at all of her daughters' homes, but seemed to prefer the Warner Farm, just outside Goshen IN, probably because there was always work to be done there.

Notes for JOHN CRIFE KEIM: John's family moved from Holmes Co, OH to Elkhart Co, Indiana in 1846, and John was born on a farm near Goshen. That farm is across the road from the current Warner farm, owned by his descendants. He and his twin brother were the 7th and 8th children in a large family. John's parents spoke German in the home, and he learned English only after he attended school. He had a twin brother named Sam, but as adults they were not close, since Sam lived in Dannebrog, Nebraska. John attended Valparaiso College, a teachers college, for a year. Afterwards, he taught for several years in Millersburg, IN (near Goshen). The 1880 census shows that he

was age 23, still living with his parents, and teaching school. If we assume he taught in Millersburg from about 1876 - 1880, we are left with a period of time from 1881 - 1885 when nothing is known about his life, but it's likely he was teaching and farming. A note in the handwriting of Mary H. West shows that he moved to Kansas in 1884, but it is not known why he left Indiana. I wonder if he moved with a relative or friend? His uncle, Jacob S. Keim (brother of Tobias Keim) was in Westphalia in 1900 as were several other Keim families.

After marriage in 1885, at age 28, he taught and farmed in Kansas. John C. Keim moved to western Kansas (Logan Co) with his wife Anna Amelia Tipton in about 1888. They lived in a sod house in Western Kansas for a time, and the two youngest children were born there. John was a member of the United Brethren Church. The family moved back to eastern Kansas, Westphalia, in 1896 after Anna's father died, and they lived on the Tipton homestead until the early 1900's. Did Mrs. McConnaghy Tipton live with them after James B. Tipton died?

1900 census, Westphalia, Anderson Co, KS: John C. Keim (43), farmer, Anna A. Keim (40), and their daughters Madge (12), Opal (8), and Hazel (6). They also had a border named Theodore Woodsworth living in the house. The family moved to Chanute in Neosho Co, KS after 1900. For a time John lived in Iola, Kansas and sold insurance.

1910 census, [Iola?] Allen Co, Kansas: J.C. Keim (53) real estate, Anna Keim (51), Opal Keim (18), doing housework in office, Hazel Keim (16), hotel waitress. There were three borders listed with the family including Opal's future husband, Harry Haymaker (19). They lived one block off the main street in a house that is still standing.

1920 US census, Iola, Allen Co, KS: J.C. Keim (62) and Anna Keim (59) and one male "roomer" (T625_522, p. 1404).

In 1912, at age 55, John was proprietor of the Manhattan Hotel in Iola (source: Allen Co. sections of the Polk's Kansas State Gazetteer and Business Directory, Vol XII, 1912). According to his obituary, John was a member of the I.O.O.F. (Odd Fellows) in Iola and of the Modern Woodsmen (a fraternal organization) for many years.

From a newspaper article following his death: Near the end of his life, John and Anna moved to Gravois Mills, MO and bought a small farm. He also took on duties as an overseer of land adjoining his. John had been selling timber for crossties to William B. Moore, but there had been disputes between the two. Moore, with a gun in his pocket, came to the site of the lumber and found the gate locked with a note posting no entrance. Moore went through the gate, in spite of Keim's warnings. The 70 year old Keim threw some rocks at Moore, who shot him once just above the left eye, killing him instantly. Moore was released on bail but a handwritten note on the copy of the newspaper clipping stated that Moore was found "not guilty" (Versailles, MO, "Statesman", 23 June 1927).

John's granddaughter, Mary, remembers her mother traveling by train, with sister Elsa and brother Harry "Bud," to John Keim's funeral in 1927. He is buried at Cherry Mound Cemetery, north of Westphalia, Anderson Co, KS. John is 5779 in the book DJH and 13884 in DBH & CS.

"WILLIAM R. SMITH. One of the fine buildings bordering the State Capitol grounds at Topeka is the Kansas State Printing plant. That is the official headquarters of William R. Smith, state printer, and also secretary of the State Printing Commission and chairman of the School Book Commission of the state. Doubtless any citizen, and particularly a printer, would deem it an honor to be at the head of an establishment which experts pronounce to be the equal in mechanical equipment and operating efficiency of any commercial printing establishment in the country.

When Mr. Smith went into office on July 1, 1915, he brought with him a ripe experience, including an extensive service in all the grades of the printing business, years of editorial and newspaper publishing work, and perhaps best of all an inheritance and training in the progressive Kansas spirit.

When the advancement of the welfare of the state is concerned, W. R. Smith can always be found in the ranks of the workers and usually among the leaders. The influence for good he has exercised as an editor in various sections of the state can hardly be over estimated.

While his life has been distinctive in more than one particular, he is in every sense a typical Kansan. He was born at the old land office and capital, Lecompton, March 21, 1872. His grandparents, William L. and America C. (Barton) Smith were Kentucky people who moved west in 1854, the year the Kansas-Nebraska bill was passed through Congress, and they located at Lecompton, the historic capital of Kansas Territory. Both grandparents died in Lecompton. George W. Smith, father of the state printer, was a native of Kentucky and was a lad when he arrived in Kansas Territory in the spring of 1854. He afterwards went to Lawrence and learned the wagonmaker's trade, and while there passed through and was one of the survivors of Quantrell's raid. He never applied himself much to his

trade, but for the greater part of his active career was engaged in merchandising. At Lecompton he married Frances Tipton, and there he and his wife spent their lives and died in old age. Their three sons are still living: William R.; Dr. Roy O. Smith of Rifle, Colorado; and Dr. J. C. Smith of Beloit, Wisconsin.

Reared in Lecompton, William R. Smith attended the public schools and Lane University, and as a boy he learned the printer's trade on the old Lecompton Monitor and the Lawrence Daily Democrat.

He had not yet reached his majority when he was first called to public service. Grover Cleveland in 1893 appointed him postmaster at Lecompton, but he held back the commission until he passed his twenty-first birthday and then qualified. He was postmaster at Lecompton more than four years. In the meantime he had founded the Lecompton Sun, and continued its editorial management while postmaster, and altogether conducted it for about nine years. At the spring election immediately following his twenty-first birthday he was also elected mayor of Lecompton, an office he filled with credit for two terms.

After leaving Lecompton Mr. Smith was for two years foreman for the Mail and Breeze of Topeka, was editor and publisher of the Manhattan Republic two years, for another year was editor of the Fraternal Aid at Lawrence, and he then bought the Garnett Plaindealer and the Garnett Eagle, both republican papers, and consolidating them as the Eagle-Plaindealer continued the publication of this republican paper for about five years. His next venture in journalism was at Ottawa, where with others he was associated in the operation of the Ottawa Herald. Later for about five years he was owner and editor of the Fort Scott Republican, and while at Fort Scott was appointed United States census enumerator for the Second Kansas Congressional District. His last newspaper work was as editor and owner of the Columbus Advocate, which he conducted for five years.

Then in 1914 he was elected state printer and took charge of the splendid plant at Topeka in July of the following year. He went into office at a critical time in the history of the state printing plant. Its capacity was taxed to the utmost, and there was a contract to deliver over 140,000 schoolbooks within six weeks. The full force of the plant was put in operation night and day, and in thirty days the book presses turned out over 2,000,000 impressions. Other departments were operated at similar speed, and the textbooks were all delivered on time.

The Kansas State Printing Plant is an institution worthy of some special record. It is the largest printing plant between Chicago and Sacramento, and its equipment and methods of operation have been taken as a model for other states. It has on its payroll 120 employees, and during the ten years of its operation has saved about \$75,000 annually on the state's printing. It is now producing schoolbooks at 60 per cent of the prices formerly charged by Eastern book companies. Perhaps the highest praise of the institution has been spoken by Governor Capper, who is himself a printer and publisher of national prominence. He has declared that Kansas has a plant equipped with machinery equal to that of any commercial printing concern in the country and that the standard of efficiency and service is very high. His opinion as a publisher is that the mechanical work on the textbooks issued from the state plant is equal to that of any printing establishment in the United States.

Kansas has been operating its own printing plant since July 1, 1905. The Legislature of 1913 appropriated \$150,000 to purchase additional grounds, enlarge the plant, and install equipment necessary for schoolbook making. The wise expenditure of this fund has made the plant second to none in point of efficiency and equipment in the Middle West. While the printing of state documents has thus been done for a number of years, the introduction of a department for the printing and publishing of school textbooks is comparatively recent. It was T. A. McNeal, former state printer, who paved the way for state publication, and his successor, W. C. Austin, installed the bookmaking machinery and produced the first Kansas books.

Mr. Smith is affiliated with the Independent Order of Odd Fellows, the Knights of Pythias, the Benevolent and Protective Order of Elks, and some insurance organizations. In 1904 he married Miss Bertha J. Spohr. They have one daughter, Louise. Before her marriage Mrs. Smith was teacher of domestic science in the Bradley Polytechnic Institute at Peoria, Illinois."

Hazel's niece, Mary Haymaker, remembered that Hazel moved to Indiana because there was a failed love affair in Kansas. As an older woman, Hazel was a large woman who seemed to spend most of her time in the kitchen. She had very long gray hair that she rolled into a neat bun during the day. Hazel was an avid genealogist all of her life, and she compiled a History of the Hill Family based on letters, documents, and obituaries that she saved.

Merle's occupation was Christian Minister.

In 1959, Merle completed a dissertation titled "Adjustment of large downtown and boulevard churches in Los Angeles to socio-cultural factors in the community."

In 1943, he was pastor of the South Pasadena Disciples of Christ Church. After filling in for the minister of First Christian Church of North Hollywood, Merle was asked to become the permanent pastor there. He accepted in October, 1943. "Mr. Fish was a 'go-getter'; he had youth, health and enthusiasm." "Early in the year 1955 Mr. Fish had asked for and received permission to take a years leave of absence, beginning in the summer. He had long

wanted to obtain his Ph.D. and felt this was the time to do it. In July he and Mrs. Fish left for Mexico City, where Mr. Fish wished to study Spanish."

"In July of 1958 the church received news that almost stunned the congregation. After fifteen years as minister, Mr. Fish was leaving. He had been offered a position as Director of Development at the Missouri School of Religion in Columbus, Missouri. He felt this was a challenge and one he must accept. Ever since his return from his leave of absence in November 1956, Rev. Fish had been working on his dissertation on "The City Church." He hoped to receive his Ph.D. the latter part of October, after which he would leave for Missouri. A pulpit committee was appointed at once and interviews were soon started for a new pastor. On October 26, the last Sunday Mr. Fish preached, a reception was held in the evening, honoring both Mr. and Mrs. Fish. A fund had been established for a reception to honor them on completion of fifteen years of service to the church, so this was used, and several very worthwhile gifts were presented to each of them" (source: <http://www.fcnh.org/fcnhist.htm>)

"Mr. Merle E. Fish preached his first sermon as pastor of the North Hollywood Church on October 1, 1943. After graduating from Chapman College in 1940, he had attended USC where he received his M.A. degree in 1941, later taking graduate work at the same institution and also at Chicago University. Prior to coming to North Hollywood he was minister of the South Pasadena Christian Church for eighteen months. In 1955 Mr. Fish took a years leave of absence to work toward his Ph.D. He returned to the pulpit in November 1956, continuing to work and study toward his final degree, which he received in October of 1958. After exactly fifteen years as pastor of the church, Mr. Fish left in October 1958 to accept a position as Director of Development at the Missouri School of Religion in Columbus, Mo. During his years as pastor, he was active in all phases of civic and religious activity in the Valley" (source: <http://www.fcnh.org/fcnhist.htm>)
