This is a work in progress and there are probably errors of fact or deduction, despite my attempt to be as accurate as possible. Please do your own research. The writing and research in this file represents many hours of work, but I’m sharing it to help other genealogists just as many people have helped me. In this update, readers will find several new Reed lines that had not been included in previous versions. Much of the new information was provided by their descendants. If you find mistakes, please let me know and provide a source for your correction. I do not knowingly include living persons in my working file. E-mail: collectornuts at gmail.com

Generation No. 1

1. PATRICK² REED (UNKNOWN¹) was born Abt. 1740 in prob. Scotland, and died Aft. 1804 in VA or OH. He married MARGARET UNKNOWN Abt. 1759 in prob. Scotland or Ireland. She was born Abt. 1742 in Prob. Scotland, and died Aft. 1788.

Notes for PATRICK REED: Patrick and his wife Margaret were married, probably in Scotland or Ireland, about 1759. Nothing is known about his ancestors, except that they were probably Scottish. After being forced to leave Scotland, they sought asylum in County Down, Northern Ireland. Patrick and Margaret went to Virginia well after the heavy migration of Scotch-Irish immigrants from Pennsylvania that began with Bordon’s Grant in 1737 into Augusta County, which officially became a county in 1738. The area was originally part of Orange Co, VA, and Rockbridge Co was formed from Augusta Co. in 1778. Augusta County was settled primarily by Scotch-Irish Presbyterians, and county records began in 1745.

Patrick was not among the original group of men who received land grants (source: www.rootsweb.com/~vaau/au/augusta2.html). Since Downey is thought to have been born in Ireland, Patrick probably arrived in American between 1771 and 1777. He may have lived in Pennsylvania for a time before moving on to Virginia. It is not known if he served in the militia during the Revolutionary War - his name has not been found on the lists of militia. While there were no battles in Rockbridge, the county did raise 4 companies of minute men (see McAllister’s Data on the Virginia Militia in the Revolutionary War). This may be the Patrick Read who was on a list of Tithables in 1778, with two in the home. He was listed as a taxpayer in 1782, being taxed for one horse, and at that time he was the only tithable in the household (source: Morton, Oren F., 1920, A History of Rockbridge County, Virginia, Staunton, VA: The McClure Co). Finally, a Patrick Reid was on the 1783 Personal Property Tax list for Rockbridge County with 3 horses and 5 cows.

Patrick Reed senior and junior paid taxes in Rockbridge Co, VA in 1795 (http://www.macpl.org/varyar/rockbridge.htm). In 1796, Downey Reed paid taxes along with one person named Patrick Reid. Patrick Sr. is mentioned again in 1798 when taxes were paid by Downey Reed, Patrick Reid Jn. and Patrick Reid Sn.

It is possible that Patrick went to Ohio with his sons and several other families in Rockbridge Co in about 1805, but this has not been proven. Linda Sacks believes that Patrick Sr. went to Ohio after he and Downey sold their land in 1804. However, he may have died in Rockbridge County prior to 1805 or on the way to Ohio. If he died before the Reeds went to Ohio, I speculate that he is buried in Old Monmouth Presbyterian Church Cemetery, located off Rt. 60 at Whistle Creek, since his son, Downey, was part of that congregation in 1798. By the 1820 census, James Reed was the only Reed left in Rockbridge County.

Generation No. 2

2. PATRICK2 REED, JR. (PATRICK2, UNKNOWN1) was born Abt. 1760 in Ireland or Scotland, and died April 10, 1815 in Raccoon Twp, Gallia Co, OH. He married (1) BECKY BOYLES Abt. 1783 in Rockbridge Co, VA, daughter of CHARLES BOYLES and REBECCA. She was born Abt. 1760 in Northern Ireland, and died Abt. 1787. He married (2) MARY BOYLES April 03, 1788 in Botetourt Co, VA1, daughter of CHARLES BOYLES and REBECCA. She was born Abt. 1762 in VA, and died Aft. August 1850 in prob. Jackson Co, OH.

Notes for PATRICK REED, JR.: I'm showing Patrick as the son of Patrick and Margaret Reed, but more proof is needed. Patrick's mother-in-law, Rebecca Boyles moved to Ohio with Patrick and Mary.

1800 census, Gallipolis, Washington, Territory Northwest of the River Ohio: Patrick Reed is Head of Household. This record does not indicate Sr. or Jr. Patrick's son James was also in Gallia Co, OH. It's likely that this Patrick lived in VA with other members of the Reed family. Patrick purchased, in 1780, 118 acres of land in Back Creek, VA (now Berkeley Co, WV). Patrick returned to Rockbridge Co, VA in 1804 to sell land and settle Rebecca Boyle's estate. At one point he lived in Raccoon Twp, Gallia Co, OH. The 1812 Tax Duplicate for Raccoon Twp, Gallia, OH shows James Reed and Patrick Reed, Esq with 160 acres of land. Patrick's will was written May 31, 1814 in Ohio. Witnesses to his will were Samuel R. Holcomb and David Boggs. Executors were his wife Mary and son, James. Inventory of his estate was taken June 02, 1815; his estate was valued at $119.20.

The last will and testament of Patrick Reed late of this county deceased was presented for probate by Mary Reed and James Reed the executors in said will named wherepon Samuel N. Holcomb and David Boggs the two witnesses thereunto subscribed after being duly sworn declare they were present when the Testator signed and acknowledged the same as his last will and testament of the said Patrick Reed deceased and ordered to be recorded. Whereupon the said Mary Reed and James Reed with Samuel W. Blagg and David Boggs their securities having executed and acknowledged their bond in the final sum of eight hundred dollars and having taken the oath of Executor as prescribed by statute. Letters Testamentary is granted unto them in due form of law. And on motion it is ordered that Stephen Holcomb, Jordan Mouring and David Ridgeway being first duly sworn according to law do value and appraise in current money of the United States the personal estate of the said Patrick Reed, deceased and they are ordered to make return in the Clerk's office in three months according to law.

hence follows a copy of the said last will and testament and the same in the words and figures following to wit. In the Name of God Amen. I Patrick Reed of the county of Gallia and State of Ohio being sick and weak in body but of perfect mind and memory and considering the uncertainty of this mortal life and the frailty of all human things do make, ordain and publish this my last will and testament in manner and form following that is to say, first of all) I give and bequeath unto my wife Mary Reed one half of the real estate on said property which I own and possess during her natural lifetime, to have, possess and enjoy, all rents, profits and emoluments arising therefrom thou let or and the residue and remainder of my personal property to his non proper ? and behoof forever.

thirdly. I give and bequeath unto my son Charles Reed and unto my daughters Mary Crow and Elsey McMurtry the sum of twenty dollars each to be paid out of my ? property by my executers at the expiration of two years from and after my decease and the residue and remainder of my personal property to be equally divided between my wife Mary Reed and my youngest son James Reed if any should remain after paying my funeral charges, doctor's bills if there should be any that I justly owe and infine all my just and lawful debts and I do hereby constitute and appoint my wife Mary Reed, James Reed my younger son grantors of this my last will and testament, hereby revoking any former wills or codicil by me made or signed.

In witness whereof I have hereunto let my hand and seal the thirty first day of May in the year of our Lord one thousand eight hundred and fourteen.

4. DONNEY3 REED (PATRICK2, UNKNOWN1) was born September 15, 1770 in County Down, Ireland2, and died 
January 07, 1830 in Clinton Twp, Jackson Co (now Vinton), OH, interred Bethel Cemetery2. He married (1) PHEBE 
GILLESPIE. He married (2) AILSE ‘ELSEY’ DEHART September 02, 1788 in Rockbridge Co, VA by William 
Graham, Presbyterian minister1, daughter of SIMON DEHART and HANNAH DEHART. She was born September 15, 
1767 in VA? probably Botetourt County1, and died September 30, 1825 in Clinton Twp, Jackson Co (now Vinton), 
OH1. He married (3) ESTHER REED Abt. 1827 in Ohio. She was born Abt. 1790.

Notes for DONNEY REED: According to his grandson, A.D. Reed (newspaper interview), after Downey came to 
America in 1780 as a boy of 8 years. He settled with his parents in Virginia near the Natural Bridge (Whistle Creek) 
in Rockbridge Co, which was formed in 1778. According to a genealogy written by Mary F. Reed (located in 
Wescott Memorial Library, McArthur, OH), the family settled among many relatives. Downey should be on the tax 
lists after 1786 since they listed everyone over age 16 - but he is not listed. The marriage bond between Downey 
and Ailse was signed on August 29, 1788 in Rockbridge Co, VA. His marriage bond in 1788 was signed by his 
parents, Patrick Reed and Margaret, indicating that he was under age 21 - his name was given as Downey Reid and 
his wife was Ailse Dihart. Witnesses were John Smiley and Daniel Eyrx. In 1798, he was one of several 
subscribers who agreed to pay the salary of Rev. George A. Baxter for 1/2 of his time to the Monmouth Presbyterian 
Church. The original structure was located in the area known as the "Fork of the James" River (now Maury) and 
consisted of a Pole Building erected about 1748 on Woods Creek. "This was replaced by a building of hewn timber 
on Whistle Creek in 1767 and was called Hall's Meeting House" (Rockbridge Co, Virginia Cemeteries, Kerrs Creek 
District), about 2 miles west of Lexington, VA. Rev. Baxter accepted the call on 1 May 1799, and agreed to serve 
III, Lexington, VA: Edwards Brothers, Inc, 1949, p. 42). On Whistle Creek, Downey Reed was a miller. In a 
manuscript compiled by Ruth Winters Odell, she claims that Downey was married first to Ailse Dihart, and 2nd to 
his sister Elsey DeHart. While some believe that these two are really the same person, this has not been proved and 
we may never know for sure.

After Downey sold his land in 1804, he left Virginia and travelled to West Virginia, where Ruth Winters Odell 
(1981) claimed he stayed for several years. Amos Reed even claimed that his father Patrick was born in Greenbrier 
Co, West Virginia. From West Virginia, the traveling party probably took the road down New River to Kanawha. 
The road to Point Pleasant was well-used that at that time. They passed the Kanawha Valley, crossing the Ohio at a
ferry over to the Indian Path, which was by then a well-used road, now Ohio State 35. Early pioneers reported that the road was badly in need of repair, and that it was better to walk than to ride in a wagon. Most pioneers rode horseback and had a packtrain. The town of Jackson, OH was thriving by the early 1800s and was the usual stopping place to locate land. Downey probably followed the old Buffalo and Indian trail north from the Salt Licks at Jackson. "There were plenty of streams all along this route and the path was clear of brush and trees, having been in constant use by animals and red men until it was a popular route to the Salt Works at Jackson." They arrived at Little Raccoon Creek where Downey found enough water and the lay of the land gave him the site for a grist mill" (manuscript by Mary F. Reed at Wescott Memorial Library). Downey moved to Ohio with several other families, probably to Gallia Co. where he is listed on an 1812 tax list for Addison Twp. One of the other families may be Samuel McCluer, who left Rockbridge Co. for Ross Co. Ohio (source: "The Official Rockbridge Co. Pioneers Page!"). Another family was William Harper and Nancy Paris, whose daughter Mary married William Reed (1777 - 1829).

Downey Reed was one of the first settlers in Clinton Twp, which was founded in 1811 when it became part of Elk Twp, and then part of Alexander Twp in Vinton County. Other early settlers were Robert Elders, Robert Ward, David Paine and Thomas McGrady. Soon after came John Johnson and Edward Salts among others (Biggs, 1950). Downey of Clinton Twp paid taxes of $29.60 in 1817. Downey built a dam on the banks of the Little Raccoon Creek, to create enough water power to use on the first grist mill in Vinton Co. That mill operated for over 40 years, serving to ground meal and flour; a saw mill was also established to help people build their houses. Downey was a tax collector in 1817 and a judge in 1824.

1820 census, p. 124, Clinton Twp, Jackson Co [now Vinton], Ohio: Downey Reed (age 45+) with 1 boy (under 10), 1 boy (10-15), 2 males (16-25), 1 male (26-44), 1 girl (under 10) and presumed wife (45+). Nearby were William and Acklin Reed, his sons.

Downey is prominently mentioned in a history of Vinton County, OH as one of the first settlers, and the Post Office was known for 40 years as Reed's Mill (Biggs, 1950). Downey built a two-story hewn log house on the banks of the Little Raccoon Creek, half way between the current villages of Hamden and Dundas in Clinton Twp, Vinton Co, OH. At first the house was home for Downey's family and his son Acklin's family. "It had large fireplaces at both ends - one for cooking and one for heating the house. Amos Reed told that this log house was dressed up by adding weatherboards cut at Reed's Mill. It was located on the north side of the Little Raccoon Creek and was a pretty place with flowers and vines around the long porch. Fruit trees and currant bushes grew along the fence which kept the livestock out of the yard" (source: manuscript by Mary F. Reed at Wescott Memorial Library).

In his will, written January 02, 1830, Downey left one dollar to each of his children who were named: "William, my eldest son and Acklin Reed and Peggy Brown and Patrick Reed and Hannah Reed and John Reed and Hugh D. Reed each of the above named heirs, I do will one dollar each." The will goes on to leave One Mare Colt to Dehart and his lands to his youngest child Alsy Reed, all excepting my wife Esther. He specified that if Alsy should die without an heir, the lands should then be given to his youngest son, Dehart Reed. Witnesses were Allish Harrison, B. Leach, and Thomas Elder. His surname on the will is spelled "Read." The will was recorded on March 27, 1830 (source: Will Book A, Jackson County, Ohio, p. 8). His wife Esther was left to the generosity of his youngest daughter.

Downey and Elsey Reed are buried in Bethel Church cemetery, located about halfway between the villages of Hamden and Dundas, on the west side of route 93 (Visited by M.L. Veal in 2005). There are several other Reeds buried in the family plot, which is located near the bank of the Little Raccoon Creek. The writing on the headstones actually faces the creek and most are constructed with "heads" at the top that seem to be looking forever at the waters. A picture of the 117 year old Bethel Church appeared in the Wellston Telegram on 15 Aug 1947. A grove of oak trees surrounded the church and graveyard within the 13 acres originally given by Downey Reed and his children. A.D. Reed claimed to have seen the square of brown paper that was the original deed, but the paper disappeared after the church burned. "The first church was made of hewn logs cut from the forest and dedicated in 1830. This was a long, low building with the door in the middle of the long side. The benches were split poplar puncheons with no backs. A new church was built and the old logs used for firewood. The new church burned in 1865 and another church was built of bricks" (manuscript by Mary F. Reed at Wescott Memorial Library, Vinton Co, OH).

My mother's notes about Downey's children show he had James Reed and Mary Reed by his first wife, but there is no proof. It is very likely that Downey had a son or grandson named Downey Reed who married Pliney Emily Barnes on 8 Sept 1833 in Jackson Co, OH. If we assume he was age 21 when he married, this second Downey would have been born about 1812. I have not discovered his identity.
Notes for AILSE 'ELSEY' DEHART: Ailse's marriage bond was signed by her step-father, William Owley and her mother, Hannah. In Virginia, 21 was the legal age so Ailse needed her parents' permission to marry. The bond was witnessed by David Owley, John Carpenter, and Fanny (?) McGlawhelon (?). Downey's surety was Daniel Eyr (?).

Notes for ESTHER REED:
1830 census, Clinton, Jackson, OH: Esther Reed, widow (age 30-39) with 1 boy (5-9), 1 boy (10-14), 3 girls (under 5), and 1 girl (5-9).

6. CHARLES Reed (Patrick, Patrick, Unknown) was born April 16, 1784 in Back Creek, VA (now Berkeley Co, WV), and died August 26, 1863 in Rockton, Winnebago Co, IL, interred Rockton Cemetery. He married (1) CHLOE ROBY January 13, 1808 in Greenup County, KY, daughter of ELIAS ROBY. She was born December 17, 1787 in KY, and died April 02, 1838 in Will Co, IL, age 54-27, interred Reed's Cemetery, Reed's Grove, Will County, IL, age 50y 4m 27d. He married (2) DARDANA GAPON Aldrich August 19, 1838 in Will Co, IL. She was born January 09, 1794 in MA, and died July 30, 1859 in Rockton, Winnebago Co, IL. He married (3) MARGARET E. PHILLIPS March 20, 1860 in Winnebago, IL. She was born 1823 in Ohio, and died January 30, 1890 in Winnebago, IL, age 67, interred Oakwood Cemetery, Beloit, Rock, Wisconsin.

Notes for CHARLES REED: Wayne Reed posted this on Ancestry.com Message Board: "Charles did move on to Butler Co, WV where he served in the War of 1812." According to Bob Reed, "Charles was the first white settler of Joliet, Illinois, where he built a cabin in 1833. He was also a pioneer of both Will and Winnebago Counties in Illinois" (family record received 22 Dec 2003). From the Illinois GenWeb: "In 1831, Charles Reed, Joseph Shoemaker and Wesley Jenkins settled in Reed's Grove, near the present station of Elwood." "Charles Reed is perhaps better entitled than anyone else to be called the founder of Joliet, as he came up here in 1833, built a log cabin (the old McKee house) and commenced preparations to build a mill." Two of Charles' children and his first wife are buried in Reed's Grove Cemetery, Jackson Twp, Will Co, Illinois. Pictures of their headstones are posted on the Will Co, IL GenWeb site.

Charles Reed was born at Back Water, West Virginia and is believed to be the son of Patrick and Rebecca (Bowles) Reed, Scotch-Irish immigrants to Berkeley County. Charles removed to Gallipolis township, Gallia county, Ohio and was present there by 1806. In the following year he had removed to Lenox township, Butler county, Ohio. He married firstly in Greenup Co., Kentucky 31 January 1807 to Chloe Roby, and they were the parents of nine children. Charles served during the War of 1812 as a Private in the 2nd Regiment Ohio State Militia from 27 April 1812 to 26 April 1813. On 16 January 1823, while residing in Parke Co., Indiana he purchased 80 acres of land along Wea Creek in Tippecanoe county. In 1827 he resided in Fountain Co., Indiana, and on 17 October 1850 he purchased land in Coal Creek township, Montgomery Co., Indiana. In 1831 he removed once again to Will Co., Illinois and settled at Reed's Grove, at the junction of Channahon, Jackson, Wilmington, and Florence townships. In August 1835 Charles had entered into a partnership with Nicholas Boilvin, a Chicago land investor, and John Campbell. They bought a section of land which was formerly an Indian float located two miles north of Rockford, and their intention was to found a community there called Winnebago, which would become the county seat for Winnebago county. Rockford was made county seat instead, and the houses in Winnebago were eventually torn down. In 1836 he built a large home on Harlem avenue called Winnebago House which remained a Rockford landmark for many years until it was destroyed by fire in 1913. He also served as a commissioner representing Winnebago county in the state house at Vandalia. It is believed that an oil portrait of him was produced during this time. His first wife died 2 April 1838 at Reed's Grove, and on 19 August 1838 he married secondly to Dardane Gapon, a widow, at Joliet. In 1851 he removed to Rockton, and in that year built the brick house at 309 N. Bridge street. Dardane died 30 July 1869, and Charles married thirdly to Margaret Phillips, widow of James Phelps. After
Charles' death, she married Silas Eastman. Along with a family marker on his grave, a bronze military marker was placed there in 1957 (posted to Find-a-Grave Memorials® 27489614, created by Dean McMakin).

The next section is from "History of Jackson Township, Will County Illinois" (http://history.raysplace.com/il/will-jackson.htm), "Jackson is one of the earliest settled townships in the county, the date of its first settlement being almost coincident with that of Chicago. Chicago was laid out August 4, 1830, and the first settlement was made at Reed's Grove six months later. This grove being situated at the corners of Jackson, Channahon, Wilmington and Florence Townships, has given rise to no little misunderstanding as to the location of some of the early settlers of this vicinity; and we shall not be surprised if some of our statements do not receive immediate indorsement. Several parties, or colonies, who settled in the Grove, though in the immediate neighborhood, since townships lines have been established have proved to be in different townships. This fact also makes the narration of events in one township, without at the same time bringing in the history of other townships, quite difficult; and a small amount of repetition will therefore be necessary.

Reed's Grove received its earliest white settler in 1831. At that time, Indians were plenty in this part of the State, and the Grove was one of their favorite resorts and dwelling places. The territory now embraced in these townships was occupied by the tribe or nation called Pottawatomie. The relations between these people and their early white neighbors were of the most friendly character. They hunted, visited and drank together, as peaceably as the more modern occupants of the county.

To Charles Reed belongs the credit of being the first settler, not only of Jackson Township, but of the grove which still bears his name. Reed was a man of energy and spirit. He had a family of grown-up children, some of whom were already married; and, being desirous of seeing them settled in homes of their own, such as he was unable to provide for them in the older settled States, he resolved to emigrate to this place. Accordingly, he with his two sons-in-law, Charles Koons and Eli Shoemaker, and Joseph Shoemaker (brother of Eli), set out for this place in the early Spring of 1831, and reached the grove March 2, of that year. At that time, but few families had settled in the whole section now embraced in Will County. Dwellers at a distance of twenty-five miles were considered neighbors. Joseph Shoemaker, though mentioned here as a member of this settlement or colony, did not in reality settle in Jackson Township. He is usually accredited as the first settler of Wilmington Township; but this, too, seems to be an error, as his cabin was just on the north side of the line subsequently located between Wilmington and Channahon. Reed, with the balance of his family, removed from the township more than twenty five years ago, and while the country was yet indeed new. George Kirkpatrick and brother and James Hemphill lacked but a few months of being the first. They came from Ohio, and settled here in May following the advent of Reed. Of these, George Kirkpatrick still resides in the township, but the other two are dead. James Hemphill died in 1863."

There is a mill stone located at Lockport, IL which was marked by the Will County Historical Society, "James McKee 1834." According to descendant W.L. Reed (2009), the stone was bought in Indiana by Charles Reed for the undershot mill he built, and James McKee bought the mill from him.

He had been sick only since Wednesday of last week when he contracted a cold which didn't show any alarming effects until Friday. On account of his extreme old age he was a ready prey and succumbed soon after the disease had gotten a firm hold on him. He was also a member of the Grand Army of the Republic and took great interest in GAR work. He was twice married. He married SARAH KELSEY Abt. 1812 in Prob. VA. She was born Bet. 1791 - 1794 in Rockbridge Co, VA, and died Aft. 1840 in prob. Jackson Co, OH.

Notes for ACKLIN REED: As Downey Reed's 2nd son, Acklin probably worked hand-in-hand with his father in developing a sawmill in Vinton Co, Ohio. Mary F. Reed wrote that Acklin was one of the two men who "walked the logs" through the saw at his father's mill. After living in his father's house for a time, Acklin built for his family a small, story and a half log cabin just north of the mill. May 03, 1833 - land purchased 95.52 acres in township 10N, registered at Chillicothe (source: Ohio Land Records, retrieved from Ancestry.com 16 Dec 2003). Question for research: Did Acklin have a son named Downey? A researcher of Ross Co, OH, Robert Casari of Chillicothe, claimed that Downey had several grandchildren who were named after him (Ross County, Ohio Families, Vol. 3).

The Bible pages called the Josephus Book, given to Elizabeth by her father Jacob Colvin, shows Acklin Reed died July 1844. 1820 census, Clinton Twp, Jackson Co, OH: Acklin Reed (age 26-44) with 2 boys (under 10), 2 girls (under 10) and presumed wife 26-44. This record shows 4 children. 1830 census, Clinton Twp, Jackson Co, OH: Acklin Reed (age 30-39) with 2 boys (6-9), 1 male (15-19), 1 girl (under 5), 2 girls (10-14), and presumed wife (30-39) - note that this census shows Acklin had 6 children.

12. MARGARET "PEGGY" REED (DOWNEY3, PATRICK2, UNKNOWN1) was born Abt. 1795 in Rockbridge Co, VA, and died January 19, 1876 in Liberty Twp, Ross Co, OH40. She married JACOB BOWERS January 17, 1820 in Jackson Co (now Vinton), OH by Achiel Hussey, Minister of the Christian Church42. He was born August 02, 1791 in VA42, and died February 27, 1854 in Ross Co, OH, interred Sandy Cemetery43.

On this census record, her sons James and William were listed nearby. 1870 census, Richmonddale PO, Franklin, Ross Co, OH: Margaret Bowers (75) lived alone but two doors down from her son James Bowers (44) and family.

Children of MARGARET REED and JACOB BOWERS are:

13. PATRICK\(^4\) REED (DOWNY\(^3\), PATRICK\(^2\), UNKNOWN\(^1\)) was born August 11, 1798 in Rockbridge Co, VA or Greenbrier Co, WV, and died August 04, 1862 in Hamden, Vinton Co, Ohio age 63-11-24, interred Yeager Cemetery\(^2\). He married ELIZABETH YOTTER Abt. 1821 in Ohio, daughter of BENJAMIN YOTTER and MARIA LEIST. She was born June 01, 1802 in PA probably Northumberland Co, and died August 07, 1880 in Flora, Clay Co, IL, interred Elmwood Cemetery, Flora, IL.

Notes for PATRICK REED: Patrick's birth date was computed from a Tombstone Birthday Calculator at http://www.searchforancestors.com/utility/birthday.html. A.D. Reed wrote that his father was born in Greenbrier Co, WV, as the family was moving west. Others believe Patrick grew up in Virginia, and later came to southeastern Ohio where he bought 160 acres a half-mile north of the present village of Hamden, just south of Downey Reed's property. In about 1800 he lived in Rockbridge Co, VA. A.D. Reed wrote in a letter published in the Wellston Telegram in 1936 that his father went to Ohio in 1818, and that he lived for a time on a farm outside of Wilkesville, Vinton Co, OH. At that time the county was sparsely settled, and Chillicothe was a two-day trip to the west on the Scioto River where banking was done. His first home there was a 2-story hewn log house and a one-story kitchen with a large porch on two sides, and weatherboards on the sides. He built a mill on the bank of the Little Raccoon creek, near the present iron bridge. The mill operated for 40 years. "The first grist mill and sawmill in Vinton County was Reed's Mill on Little Raccoon Creek, a mile north of Hamden" (Biggs, 1950, p. 160). The post office, known as Reed's Mill, continued until enough families lived in Hamden to move the post office there. Until the railroads came, the weekly mail was carried by the postboy from Jackson and Athens (source: The Wellston Telegram, Wellston, Ohio). Patrick bough 80 acres of land on 4 Sept 1823 in Jackson Co, OH and he bought 40 acres of land in Jackson Co, OH on 28 July 1838 (registered in the General Land Office, Chillicothe, OH).

Patrick and his wife were members of the Disciples Church of Clinton Twp along with John Robbins and wife, John Yager and wife, Edward Salts and wife, Mary Salts, Edward Salts, Jr. and wife, Stephen Salts and others. The church was organized in 1846 by the Rev. Daniel Parkinson but they did not build a church until 1866 (Biggs, L. A brief history of Vinton County. Columbus: The Heer Printing. 1950).

In about 1852, Patrick erected a big, rectangular brick mansion between Hamden and Dundas, at Reed's Mill on Little Raccoon Creek. The house had 8 large rooms with a wide hall from front to back downstairs, with a fine wide stairway in the middle. It was demolished 100 years later, in 1957, to make way for a new route 93 which was being straightened out between McArthur and Hamden. A picture of the half demolished house appeared in the Wellston Telegram, along with an article written by John Sylvester, editor, about the people who lived in it. According to a letter from A.D. Reed to Mary F. Reed, Amos and Enos "hauled those brick from the kiln to the building site on a sled [called stone boats] pulled by the oxen belonging to the boys. The old log house in which they were born was torn down some time after the new brick mansion was built."

Patrick's will was written 14 June 1862 and probated 14 Aug 1862.

Patrick is buried in Yeager Old Cemetery (now Tripp Cem), Hamden, Vinton Co, Ohio (source: Cole, Frank T. Copier, 29 Mar 1904, Ohio Cemetery Records, Extracted from the "Old Northwest" Genealogical Quarterly). Five of his daughters are buried in the same cemetery (Harriett, Maria Jane, Emma, Electra, and Lomelia). The cemetery, private property, was not well maintained (per Bob Reed, e-mail 4 Sept 2003). In the Reed family history of 1981, it was stated that his stone was broken and was on the ground. It was of white and black veined marble and was 2 inches thick, 28" tall and 24" wide, set originally in a white marble base.

1840 census, Clinton, Jackson, OH: Patrick Reed (40-49) with 2 boys (5-9), 2 girls (under 5), 3 girls (5-9), 1 girl (10-14), 2 girls (15-19) and presumed wife (30-39).

1850 census, Clinton Twp, Vinton Co, OH: Patrick (51) and Elizabeth (46) Reed with children Henry (22), Rachel (17), Emma (16), Electa A. (14), Mary E. (12), John (8), Amos (4) and Enos (4).

1860 census, Clinton, Vinton Co, OH: Patrick Reed (62), Elizabeth (58), Emily (26), Mary E. (22), John P. (17), Enos E. (15), and Amos D. (15). They lived next door to daughter, Catherine (30), her husband Thomas Hayward, and their 3 children plus Lizzie Howard (1 month).

1870 census, Clinton, Vinton Co, OH: Elizabeth Reed (63) lived with her son Enos (24) and family.

1880 census, Flora, Clay Co, IL: Elizabeth Reed (78) lived with her son A mos D. Reed (34) and family.

Notes for ELIZABETH YOTTER: Elizabeth was born in PA after the death of her father. When she was 3-5 years of age, her mother moved to Pickaway County, OH. She was raised and educated by her mother and step-father and she could read both English and German. Her son, A.D. Reed, claimed that her parents came to America from Germany in steerage, and he called her a "little Dutch girl." In that time period, Germans were often called...
"Deutch." However, it seems almost certain that her grandparents were the ones who immigrated to America. A.D. Reed said she had worked in Philadelphia as a kitchen girl to pay her passage; I believe her mother may have worked in Philadelphia County, PA before marriage. He and four other men first visited Rockton in 1836, but none of the men remained, and instead returned to Joliet where they were residing. When Thomas Coons came to this vicinity to live, he resided in the first community known as Winnebago which was created with the intention of becoming the county seat. He came to Rockton in 1844 when he and Charles Kane were contracted by Captain Harris of Galena to build two barges. Shortly afterward, he assisted Stephen Mack in dredging the river at the head of the island to make it more passable for boat travel. He then continued in Rockton as a builder. He built two stone buildings in Rockton's business district which still exist, and in 1848 he helped to build a canal boat destined for Chicago for use on the Illinois Canal. He spent the last twenty years of his life in retirement (Find A Grave Memorial# 38300519 by Dean McMakin).

Notes for George Washington Reed: George W Reed was born in Indiana, in March, 1824. He is the son of Charles and Chloe (Roby) Reed, both natives of this country, who were married in Virginia. Charles was the son of Patrick Reed, who was a native of Ireland. When the War of 1812 broke out, Charles enlisted and served through the whole campaign. After the war he engaged in farming and stock growing in Ohio and Indiana, until 1830, when he removed to Illinois and settled at what is known as "Reed's Grove," in Will County, taking up a claim of 160 acres on what is now Joliet. He built the first house ever built in that city, and erected the first house at the Grove, in 1832. When the Black Hawk war broke out he removed his family to Park county, Indiana. After the Indian troubles he returned to his claim and engaged in farming. He built a flouring mill in Joliet in the year 1834, and was, in fact, the man who laid out and started the town where he made the claim, and intended to purchase the same when it came into market, but lost it through the act of a so-called friend. Charles Reed built the log fort at Reed's Grove for a protection against the Indians, and when he had it ready to raise the prominent men of Chicago came out to assist in the work. While he lived in Will county he took a prominent part in politics. Being a strong anti-slavery man, he was honored with state and county offices. In the course of time he removed to Winnebago county, and laid out the town of Winnebago, and remained in that county until his death, which occurred about 1861. George W. Reed spent his younger years in and near Joliet; attended school in the old fort there. When the Mexican war broke out, a company was formed at Joliet, of which he was a member, but their services were not accepted. He was married in 1848 to Mary Strader, daughter of John and Mary (Longmire) Strader, by whom he had two children. After his marriage he removed to Mercer County, IL, and purchased 160 acres of land, built a house and improved his farm. His wife, who was afflicted with consumption, becoming worse, requested that she be taken back to her home in Indiana. Two years after his arrival in Mercer county he returned with his sick wife to her home, where she died the day after her arrival. After her death he sold his interests in Mercer county, removed to Stark county in 1853, located in Osceola township, and was engaged in farming until 1880, when he engaged in the mercantile business at Bradford. In 1857 he married Miss Phila Webster, who died in 1862, and in 1865 his marriage with Mrs. Jane (Montooth) Hunter took place (source: http://genealogytrails.com/ill/stark/bios/OsceolaTownship.htm).

Will County Pioneer and Other Historical Tales (http://genealogytrails.com/ill/will/stories.html)
George Reed, formerly a resident of Joliet, and with his parents, one of its early settlers, was one of those who most greatly entertained the members of the Old Settlers' association on Saturday, although unable to be present in person at the meeting. Mr. Reed had written a short paper descriptive of his journey to "Juliet" with his parents and other interesting incidents of the times and this was read by Rev. B. F. Graff, of the Ridgewood Baptist church.

The paper was as follows: "Emigrating to Illinois, I left Indiana in February 1829. The second day of our trip we encountered a heavy snow storm that lasted for two days and nights. Then the tug of war came. By hitching the oxen all in a string and driving a mile back and forth for several times we could hitch to the wagons and pull to the end of the road, and then back another mile. But with the coming of a warm rain the sloughs and streams would have become impassable but for the skill and perseverance of the old pioneer who was leading the eight families. They cut down dead trees and built rafts, ferried their wagons over and swam their horses at seven places, and the oxen at one place, that being the Kankakee river.
"It took eleven days to make the crossing. That was just five weeks in making the 140-mile trip to Reed's and Jackson's Grove. Elwood now lies between them. My father, Charles Reed, Joseph Shoemaker, Eli Shoemaker, and John Coons stopped in Reed's Grove; George Linebarger, Henry, his brother, and McKeowen Underwood settled in Jackson's Grove. "Coming through Rock Village Grove, we were obliged to cut logs out of the way, as this was the first road made through there. I well remember an old Indian taking my father's lead horse by the bridle and motioning him to go up around the grove. My Pa jumped off his saddle horse and gave him a cut that made him run. I well remember that all the men got their guns and pistols in shooting order, but they were friendly Indians, and did not make any trouble as they seemed to like my father all the better for being a soldier.

"On arriving safely, we built log cabins, fencing a large pasture and then breaking the prairie with eight yoke of oxen on a plow. They stocked their own plows, having wooden moldboards. "The pioneers did their own work, made their own shoes, looms, brooms, buckets and their own clothes. They made their own ox yoke, bent the bows for the oxen's necks, built looms for the women to weave their own clothes, in fact all the clothing for men and women. "Then came the trouble with the Indians, and the falling back to Indiana. On returning, we settled in what was afterwards called Juliet. In the fall of '32 we went to Logansport for a millwright and machinery for a water power mill to grind our corn and wheat. The stone that now lies in your city being the one that was brought at that time. (This is the millstone at the library corner.) "The first school was taught in my father's cabin and in the next summer we had a school in the old fort on the bluff a half mile from our cabin up the river. There were but five families here, the Reed, Hobbs, Barker, Blackburn and Crowell. It was there that I that I saw the first silk dress of my life and I must confess that I fell in love with the wearer at first sight. It was her father who brought the first dry goods into the burg. I remember how good I felt when she told me that she knew that when I got big, that is a man, and had on broadcloth that I would be fine. But she got in the market too soon for me and Bill Blackburn took the shine off me. But after being married three times and taking it rough and tumble for seventy years, or more, I have got entirely over the disappointment.

"There were two kinds of settlers in Joliet at this time, the Yankees and the Hoosiers, and they did not talk alike. That caused some trouble. Sometimes we distinguished their names by Hoosier Smith, Hoosier Reed, Hoosier Hobbs, and Yankee Reed, Yankee Barker. We Hoosiers talked in this fashion: pail for bucket; Indians, ingens; cucumbers, cowcumbers. "Well, there are many things I can think of. One was losing our hold on this land through one James McKee, and if he or one of his boys were here, I would give them a good thrashing, even now for such an underhanded trick as he played on my good father. "Then came the Canal Bill in 1836; the big drunk at the little Juliet Hotel (that was my first drunk - everybody in forty miles knew Reed's boys and was very liberal with their treating.)

"Then the trouble with different contractors' men on the canal. Then came the big hunt. It was said that the Juliet boys smuggled all the game, but I never believed it, for the honest Hoosiers would have told on the Yankee scamps. "I have a boy who has a good education and wanted to help me write these reminiscences, but I have written it myself, just from memory. I hope to be able to meet you at the next meeting and tell you of my trip in Dixie, my visit to the Centennial, and to the Pacific coast and among the Indian tribes, and of how my father built the block house at Reed's Grove. Often then we had men from Chicago, Ottawa, and Momence to help raise the heavy logs, and how my father attended the legislature at Vandalia as a lobby member, as there was no one voted on and there was not enough men to call an election.

"When I come to your city I miss the old settlers who were here 70 years ago, the names I have mentioned and with them here in this city: Joel Mattison, Demmond, Woodruff, Sevents, Aldrich, Dodge, the first constable, Bowen, the first doctor, Jenks and Osgood, the first lawyers, West, the first preacher, and Daggett, the first saloonkeeper. In the Yankee settlement were Gougar, Kurcheval, Van Horne, Rowley, and south were Zarley, Robb, Hadsell, Hemphil, Kirkpatrick, -- -- -. Well, I must leave the old settlers until I come again. G. W. REED"

She was born September 18, 1806 in Athens Co, OH\textsuperscript{142}, and died August 23, 1884 in Washington Twp, Jackson Co, OH age 78, interred Old Hamden Cemetery\textsuperscript{142,143}.

Notes for SIMON REED: It is presumed that Elizabeth, her father, Jacob, and family traveled from Virginia to Ohio with the group that included the Reed Family. Ruth Winters Odell wrote that Simon came to Ohio with his parents in 1818. "They probably rode on horseback down the trails to the Ohio River. Here the party may have taken a boat to the Ohio side while their horses swam across" (Odell, 1981, p. 82). She also wrote that Jacob Colvin was a rugged Indian Scout. August 01, 1839 - Simon purchased land, 40 acres in township 8N, 18W, Section 12 (source: Land Office in Chillicothe, OH, Ohio Land Records, Ancestry.com).

Excerpt from "Our Scotch-Irish Reeds" by Ruth Winters Odell (1981): "Simon Reed purchased a sixty-acre tract of wilderness on the east side of the Old Chillicothe Road out of Hamden about one and 1/2 mile distance. It was in virgin timber which he cut and, with the help of other Reeds and the Colvin family, constructed a log house of one-and-a-half stories. This log house had a well-built rock and clay chimney. ... An overflowing spring was just below the cabin site where the family water supply was arranged similar to that of Jacob Colvin down near McArthur. Simon Reed was a good builder, and he was expert at splitting shingles and knew the moon phases when it was suitable to lay a..." (p. 100). 49. AMAZIAH\textsuperscript{5} REED (ACKLIN\textsuperscript{6}, DOWNER\textsuperscript{7}, PATRICK\textsuperscript{8}, UNKNOWN\textsuperscript{9}) was born March 25, 1833 in Clinton Twp, Jackson Co, OH\textsuperscript{50}, and died November 25, 1913 in Denver, CO at St. Luke’s Hospital age 80, interred Lakeview Cemetery, Cheyenne, Wyoming\textsuperscript{151}. He married EMILY JANE THOMAS November 24, 1853 in Richmondale, Ross Co, OH\textsuperscript{152}, daughter of HUGH THOMAS and ELIZABETH. She was born January 26, 1836 in Ohio, and died January 16, 1888 in Jefferson Twp, Ross Co, OH, interred Tweed Cemetery, 1/2 mile south of Vigo, Liberty Twp, Ross Co, OH.
Notes for AMAZIAH REED: Amaziah's father died when he was only 3 years of age. It's likely that his mother remarried. I have not found him on the 1850 census, but by 1853 he was in Ross Co, OH where he married 17-year-old Emily. Amaziah served as a private in Co. H, 63rd Ohio Infantry from 11 Oct 1861 - 31 Dec 1863. He re-enlisted on 25 Dec 1863 and was discharged in Louisville, KY on 8 July 1865. On his pension application, Amaziah was listed as 6'1/2'' tall, blue eyes, dark hair and light complexion. The application states that since he was discharged, he had lived in Ohio from 1865 to 1887, then in Nebraska from 1887 - 1890, and afterwards in Cheyenne, Laramie Co, Wyoming. From census records, we know he lived in Ross Co, Ohio until he moved to Nebraska. One story repeated in "Our Scotch-Irish Reeds” compiled by Ruth Winter Odell, 1981, was that Amaziah was connected to General Custer. One of his officers was Capt. Calhoun and he was with a "Mr. Reed" a civilian who was on a visit to the General. Odell believes that this Mr. Reed was Amaziah. He had been a soldier in the Ohio Volunteer Infantry during the Civil War. Afterwards he went west and acted as a guide to many of those who toured Indian Country. Odell wrote, “Amaziah Reed had warned Custer that the Indians were nearby. He took the visitors away from the area..." (Odell, 1981, p. 98). He died of Gangrene and his physician's name was Dr. G.K. Olmsted.

Manuscript on Descendants of Patrick Reed, author unknown
It's not entirely clear who Amiziah's parents were. The oral family history passed down through his granddaughter Susan Francis Hess indicates that Amiziah's father was John Reed and his mother was Ann Kelsor. However, "Our Scotch-Irish Reeds, Scotland-Ireland-America" written by Mary Frances Reed & Charles Milton Reed & Gerald Reed, compiled by Ruth Winters Odell, and typed and photocopied by Cathy Odell McGrath suggests that Acklin Reed and Sarah Kelsey were most likely Amiziah's parents. Hypothetically, at least, there could be a degree of truth in both versions. Acklin and John Reed were brothers and they owned adjacent farms in Jackson County, Ohio, at the time of Acklin's death in 1836, when Amiziah was two years old and just short of his third birthday. It's conceivable that Sarah Kelsey and children, including Amiziah, stayed with John Reed after Acklin's death, and perhaps even, that Sarah Kelsey and Ann Kelsor are really references to the same person; and, that Sarah Ann Kelsey remarried to John Reed at a later date. This would make Acklin Reed the father of Amiziah, and John Reed his uncle and stepfather. This however is pure speculation based solely on a circumstantial interpretation of an oral family history passed down through several generations. But it may also explain the apparent uncertainty of Amiziah's parentage expressed in the "Our Scotch-Irish Reeds, Scotland-Ireland-America."

Notes for HENRY S. REED: Henry and his wife lost two young children of whooping cough and worms in 1856 and 1858. During a visit to Crittenden Co. KY in June 2006, Mary Lou searched for a death record on Henry Reed, but he was not listed in the Crittenden County Death Records book at the Crittenden County Library.

When I visited the cemetery in June 2006, it was in terrible condition, with more than half of the stones broken or on the ground. There are many stones that have now been buried. We were told at the Marion Library that the cemetery had been vandalized many times.

54. AARON WATSON5 REED (PATRICK4, DOWNEY3, PATRICK2, UNKNOWN1) was born June 12, 1828 in Hamden, Vinton Co, OH, and died June 08, 1891 in Leanna, Neosho Co, KS, interred Leanna Cemetery, Leanna, Neosho Co, KS162. He married MARY BAYLEY PATTERSON October 19, 1856 in Hamden, Vinton Co, Ohio by Rev. D.H. Cherrington163, daughter of ANSEL PATTERSON and EUNICE CORY. She was born September 07, 1835 in Trumbull Co, OH, and died March 02, 1912 in Savonburg, Allen Co, KS near Iola at the home of O.D. Courtney, interred Leanna Cemetery, Leanna, Neosho Co, KS.

Notes for AARON WATSON REED: Aaron grew up with his parents in Ohio, near Mentor, part of the Western Reserve, about 25 miles NE of Cleveland in "Lake Country." There he joined the Christian Church. "He was immersed by the lamented James A. Garfield" (source: Newspaper Obituary). Garfield had attended seminary and Hiram College, and he preached the Disciples of Christ doctrine, mainly in Hiram, OH. At age 20, Aaron was living with his family in 1850 in Clinton Twp, Vinton Co, OH and his future wife was also in Clinton at that time. Did they attend the same church? Aaron and Mary B. Patterson were married in 1856 by an M.E. minister named Cherrington, who was on the Hamden circuit from 1856 to 1858. After marriage, they moved to Marion, Crittenden, Kentucky, along with his brother Henry. Crittenden County was formed 1 Apr 1842. In the 1840s Marion was an industrial town with a flurspar mine. Andrew Jackson owned land here and set up the first iron furnace.

In Crittenden, Kentucky, Aaron acquired 960 acres of land on Penny Creek from D.A. and Matilda Butler on 12 May 1856 for $1504 to be paid in three installments starting with $304 in cash (source: Crittenden Co. KY Courthouse, Book D., p. 473). This date shows that Aaron made the trip to KY to buy land before he married. Aaron and Mary B. Reed sold 300+ acres of land to H.S. Reed on 19 Sept 1857 for $752 (Book D. p. 630). These are the only two land records for A.W. Reed, although I did find his name mentioned in Deed Book M, p. 189, showing that land was owned jointly by John P. Reed, Aaron Reed and his wife Mary B. Reed, and Amos Reed. Aaron was in Kentucky throughout the Civil War, and he is listed as a member of the KY Militia, reorganized 5 Mar 1860 "for the use and defense of the state." Militia members were mainly Union men, but KY was technically a "neutral" state (source: 1865 Crittenden Co, KY Militia List). There was no record of a land sale From Aaron W. Reed in 1869 before he and Mary left for Kansas.

After Henry died in 1868, John and Amos D. bought the widow’s interest in the land. Thus the three brothers had their finances in common until Amos was married. In 1870, John and Amos bought Aaron's interest in the land, according to Amos' account. However, I could not find a land record for this sale which should have been in 1869. Aaron moved his family from KY to Neosho County, Kansas in 1870, settling on the Osage ceded land. He was a
resident of Big Creek Twp for 21 years, and lived next door to the Allen Haymaker family. Living nearby was the Richardson family; their son Henry married Alice Reed.

1860 census, District 1, Crittenden Co, KY: A.W. Reed (31), Mary B. Reed (25), and Alice C. Reed (2).

Notes for **M**ARY BAYLEY PATTerson: Mary and her sister, Sophrona, were listed on the 1850 census for Clinton Twp, Vinton Co, Ohio in 1850 along with their mother, step-father, and siblings. Her obituary states, "21 years ago her beloved companion was taken home, since which time she has been lovingly cared for by her surviving children. In early life she became a Christian and was ever firm in that live and faith of her Savior. Almost 9 years ago she met with an accident which resulted in her hip being broken, since which time she has been confined to the home. Coming to Savonburg the first of last November to spend the winter months with her daughter, Mrs. Flora Courtney, she was taken ill of senile gangrene the latter part of December, passing to her eternal rest March 2, 1912, after nine long weeks of untol suffering during which her patient, loving nature was ever in evidence." Brief funeral services were held and a quartette beautifully sang "Lead Kindly Light," a song Mary had expressed a desire to hear shortly before she was taken ill. Mr. and Mrs. Courtney sang it for her, and she expressed her appreciation of the beautiful words. Rev. Blalock, or Moran, conducted the final funeral services after which she was laid to rest by the side of her husband.

He was nearly sent to Libby prison, but was fortunate to be paroled at Little Rock, Arkansas. In 1867, he moved to Kentucky and by 1872, John owned 3700 acres of land in Kentucky. It was paid for and well stocked, according to Amos Reed's narrative about the family. John was a dealer in live stock and he had 8 children at Shady Grove. One of his sons became an oil magnate in Texas while the others lived in Kentucky. In Sept 1884, J. P. Reed purchased a farm in Fredona, KY.

Mary Lou visited the Crittenden County, KY Library on 24 June 2006 and found several paragraphs on John P. Reed in the following book: Walker, Odell (2002). In Lyon County, Saturday was Town Day: A Collection of Writings from Lyon County's Historian. Kuttawa, KY: Lyon County Historical Society. "The following story centers on an area in northwest Lyon County. Mr. John Reed owned several hundred acres of land on the Cumberland River above the point where Livingston Creek runs into the river. The farm included a lot of Livingston Creek bottomland for two or three miles up the creek on the south side. Many sharecroppers both white and black worked on Mr. Reed's farm." ... "There were enough black families in the area to support a church and school. A black church was constructed on Mr. Reed's farm. The building was located on top of a hill about three hundred yards north of White Oak Spring and overlooking Livingston Creek. The church building also served as a schoolhouse for black children" (p. 219)

"John P. Reed owned a large plantation farm of several hundred acres in the northeast corner of Lyon County. The farm was located on the Cumberland River south of the point where Livingston Creek runs into the Cumberland River. The majority of the farm consisted of the fertile land in the Cumberland River and Livingston Creek bottoms. It took a large labor force to carry on Mr. Reed's extensive farm operation. A large number of this labor force consisted of black people. There were a number of black sharecroppers that lived on the place and a larger number of laborers that worked by the day for wages. I have heard some of the older people who worked for Mr. Reed speak of corn rows along the Cumberland River that were a mile long" (p. 219).

John Reed bought land from Margaret Reed (Henry Reed's widow) for $650 on 17 Feb 1871 (Deed Book J, p. 598). John P. Reed bought land from Enos E. and Martha J. Reed on 18 June 1877 and on 12 June 1877 for $800 (Deed Book N, p. 305). Farmer's Bank to John Reed in 1865 - purchase of 40 acres at Ford's Fairy Road, Crittenden Co, KY (Deed Book 99, p. 518).

John and Mattie are buried in Kuttawa Cemetery, Kuttawa, Lyon Co, KY. His grave was visited and photographed by Mary Lou on 25 June 2006 and it was in excellent condition. To locate the stone, drive into the Kuttawa Cemetery under the metal arch with the name on it, and the stone is about 10 yards ahead on the left, next to the roadway. No other Reed stones are nearby.

Notes for IVY ELIZABETH ‘LIZZIE’ Reed: John's sister, called Lizzie, who lived with John in Kentucky. After John's death, she went to live with Logan Reed and his single daughter. Notes for AMOS DRIAH Reed: Amos, called A.D. went to Kentucky in 1869, two years after his brother John went there. Amos D. Reed sold land to his twin brother, Enos E. on 12 Dec 1872 (Deed Book M, p. 189). They were described as "Amos 'of the county of Crittenden' and Enos 'of Vinton County, State of Ohio.' The sale was "One fourth part in three several tracts of land lying in Crittenden County on the Pinye fork of tradewater." The description follows using trees, poles, and a stone fence on 376 acres more or less plus another 83 acres. Included was the land jointly owned by John P. Reed, Aaron Reed and his wife Mary B. Reed, and Amos Reed - Amos sold his part to his brother, Enos Reed. The joint deed between all the brothers was 11 Jan 1869.

AD reported in a newspaper interview when he was 91 that he went to Kentucky because of the glowing description of the state by his aunt Mary. After marriage, he moved to Illinois to care for his aged mother, Elizabeth. In an article he wrote late in life, he said he sold his interest in the land he had purchased in Kentucky to brother John, and arrived in Kansas the day before Christmas, 1872. There he bought land next to his brother Enos. However, he must have moved to KS later, since the 1880 census shows he was still in Illinois. Elizabeth died in Aug. 1880, and in 1881, they moved to a farm near Leanna, KS. Amos made two trips back to Ohio, the first of which was in 1877. The second was in 1884 when he and his brothers "sold the old homestead where my father located soon after his marriage" (source: story in the Wellston Telegram). The buyer was Erastus Johnson. Funeral services were held at the Leanna Christian Church with the Rev. E.A. Ham of First Christian Church in Chantua officiating.

She was born December 04, 1848 in WV¹⁸⁴, and died November 05, 1928 in Chanute, Neosho Co, KS¹⁸⁵.

Notes for ENOS “ENE” ELENEUS REED: Enos married a friend from school days. After Patrick Reed’s death in 1862, Enos and his family lived in the brick mansion for about 8 years with his mother, Elizabeth Yotter. They moved to Princeton, Kentucky in about 1869 to be with his brother John. He was a member of the Masonic Lodge in Princeton, KY. Not long after moving to KY, Ene, his wife, and mother moved to Flora, Illinois where Catherine Reed lived. They must have moved back to KY since they were listed on the 1880 census. After 1880, they moved to Leanna, KS with his wife, and bought a 160 acre farm for $1,600. He later sold that property for $5,500, and then bought several properties in Chanute which he rented out. In the fall of 1904, they moved to Chanute, KS. Enos built his house in Kansas with native lumber. The house is pictured behind family in the Reed Family reunion about 1901. “While there he worked for the Ice Cream Company for 10 years. He worked all the gardens on vacant lots to have something to do after a day’s work at the Ice cream company… He delighted in giving his friends and neighbors vegetables from those gardens and a bouquet of flowers to go with them” (Reed, 1981).

Notes for HUGH D. REED: Hugh Reed, son of E. E. Reed of Leanna, met with an accident Tuesday evening which may cost him his life. Young Reed had been hauling hay for Mark Gibson until Tuesday noon and in the afternoon went hunting. When he got home in the evening, he started to clean his gun, a 22 caliber rifle. It is supposed that he held the muzzle toward him and stooped over to let the hammer down, which was half cocked. The hammer slipped and the weapon discharged, the bullet striking him in the left groin, ranging upward and lodging just under the skin about half an inch from the backbone. Surgical aid was soon rendered, but it was found that the ball had severed some of the intestines and there is very little hope for the young man’s recovery. LATER—Young Reed died yesterday morning. Funeral service will be held at the home of his parents in Leanna this afternoon (Humboldt Herald, July 26, 1901).

In the meantime he married Miss Eliza Wylie, a native of Ohio, the wedding being celebrated in 1858. Feeling that his duty was to his country at the time of the Civil war, he enlisted on the 12th of August, 1862, as a member of Company A. Eighty-third Regiment of Indiana Volunteers, serving for three years, in which time he participated in the battles of Arkansas Post, Helena Arkansas, Chickaniagua, Grand Gulf, Champion Hills, Black River Bridge, both charges of Vicksburg, the battle of Jackson Mississippi, and many smaller engagements, displaying his bravery and valor on many occasions. After the stars and stripes were planted in the capital of the Confederacy he received an honorable discharge, August 27, 1865, and returned to his Indiana home. In 1872 he came to Allen county, Kansas, settling on a farm, and both he and his wife are now residents of Savonburg. He is still a vigorous and energetic man and assists his son Henry in the conduct of his business. This worthy couple are people of the highest respectability and have reared a creditable family of six children, namely: Henry A.; Mary, wife of William H. Allen, of Colorado; Lida, wife of William Pullum, of Argentine, Kansas; Lucy, wife of C. H. King, of Bloomington, Ill.; V. B., of Colorado; and Josie, wife of N. W. Mills, of Kansas.

Henry A. Richardson spent the first fourteen years of his life in Indiana and then came with his parents to Allen county, living near the south line in Cottage Grove township. His boyhood days were spent in the work of the farm or in attendance at the district schools, He was married August 5, 1880, to Alice C. Reed, a native of Kentucky, who came to Kansas with her parents in 1870. Mr. Richardson then purchased a farm of one hundred and sixty acres, which he owned and operated until 1886, when he sold out and became identified with commercial interests in Leanna, dealing in all kinds of produce there until 1895, when he removed to Chanute. A year later he took up his abode in Savonburg, and for eight months conducted the City Hotel, but later bought a business property, and has since engaged in dealing in produce with excellent success, his business now amounting to from fifteen to twenty thousand dollars annually. He has always paid the highest market price for produce and ships in car loads to the city markets. He has won the confidence of all with whom he has thus come in contact, by reason of his honorable business methods.

Unto Mr. and Mrs. Richardson have been born six children: Ada, now the wife of August Schwardt, a lumber merchant of Savonburg; Blanche, Edith, Nellie, Flora and Homer, all of whom are still with their parents. Since casting his first presidential vote Mr. Richardson has been a stalwart Republican, and his fellow townsmen, recognizing his worth and ability, have called him to office, so that he is now serving for the third term as constable of his township. He is a member of Savonburg Camp. No. 1271, M. W. A., and is prominent in business, social and political circles” (pp. 375-376).

113. CARRIE EUNICE6 REED (AARON WATSON5, PATRICK4, DOWNEY3, PATRICK2, UNKNOWN1) was born June 13, 1860 in Crittenden Co, KY near Marion, and died July 26, 1935 in Savonburg, Allen Co, KS, interred Leanna Cemetery. She married (1) C FRANK HAYMAKER June 04, 1882 in Big Creek, Neosho Co, Kansas, son of
ALLEN HAYMAKER and ELIZA MEAD. He was born November 14, 1860 in Fairview Twp, Jones Co, IA, and died January 25, 1917 in Deming, Luna Co, NM, age 56, interred Mountain View Cemetery. She married (2) FRANCIS "FRANK" LYNN Abt. 1911 in prob. California. He was born 1857 in PA?, and died October 28, 1930 in Thurston Co, WA at age 72.

Notes for CARRIE EUNICE REED: In 1870, at the age of 10, Carrie Reed traveled with her parents and 4 siblings from Kentucky to a farm in Neosho Co, Kansas. The census shows that the Reed and Haymaker families lived one door down from each other in Leanna, KS. At the age of 21, she married her neighbor and schoolmate Frank Haymaker. Nothing is known about their married lives except that they had 3 children. Carrie, Frank and the children were living in Pittsburg, Crawford Co, KS in 1900, and the census indicates that she was a "landlady." The Divorce Decree indicates that Frank deserted the family in 1906. By summer, 1907 Carrie was living in Los Angeles, CA with Harry, age 15. She took him back to Kansas in the fall, and began divorce procedures on 7 Oct 1907, through her attorney Chris Ritter, waiving a jury trial. Carrie appeared in court on 14 Dec 1907 for the trial. Frank did not appear, and the divorce was granted. Carrie retained custody of her minor son, Harry, and she retained title to her property of 82 acres of land. She was back in Los Angeles by 25 Feb 1908, when she sent him a post card from the Hotel Lankershim. Her eldest son, Roy, was already married and living in Los Angeles by the time she moved there, but he is never mentioned in the more than 100 post cards that Carrie sent to Harry. In July 1908, Carrie took the train to Salt Lake City, probably because she suffered from rheumatism and hoped the weather would help. She arrived on 8 July, and wrote to her son, "If I get better of this rheumatism I think I will like it here." The next week, she wrote, "The weather is nice here and I don't freeze like I did in L.A. so am in hopes my rheumatism will get better in time." In September, Carrie was feeling better and she wrote to Harry about a visit to the Mormon Tabernacle to hear the organ recital. She was very impressed with the building and remarked that it had been finished when she was 7 years old. Carrie seems to have remained in Salt Lake City until after Christmas, 1908. She returned in Oakland, CA on 19 Jan 1909. My mother believes that Carrie ran a rooming house in Oakland California, but I have not yet found evidence to prove that fact.

There is evidence in Harry's post card collection (now in possession of ML Cook) that Carrie, and probably her 2nd husband Frank Lynn, visited Kansas in 1910, perhaps on their honeymoon. She was in Coffeyville, KS on May 10 and she indicated her intention to be in Iola to visit Harry in a few days. Carrie was back in Oakland, California by 4 Nov 1910 when she sent him a post card chiding him for not yet writing. She signed most of her postcards with the words, "love and kisses, Mama." Her final post card from Oakland was dated 21 Feb 1912. By 1920, Carrie and Frank Lynn were living on 19th Street in Oakland, California (US Census 1920, T625, Roll 89, p. 102). Frank was listed as an insurance solicitor. Carrie sent two post cards to her son in 1921, and they indicate she was living in Alameda, California. In April 1930, Frank and Carrie were living in Olympia, WA with Winnie and Cor Post and their children. She had 11 grandchildren. She died of a heart attack and is buried in the family plot at Leanna Cemetery, Neosho Co, KS. The name on her tombstone is "Carrie Reed Lynn."

Notes for C.FRANK HAYMAKER: Frank moved with his family from Iowa to Kansas when he was about 9 years old. He married the daughter of Aaron W. Reed, who lived one house down from his family. They were probably classmates in school. On 13 August 1900, Frank Haymaker, Carrie Haymaker, F.L. Haymaker, and May Haymaker sold One Square Acre of land in Neosho Co, Kansas to Josiah (?) School District 79 for a sum of $25.00. It is not known why they moved in about 1899 to Pittsburg, Crawford Co, KS. Frank deserted his wife in 1906 (source: Divorce Decree), and eventually went to New Mexico where he raised horses and farmed. He lived in Cambray, New Mexico. His son Harry visited him once in New Mexico, according to Harry's daughter. His burial was handled by J.A. Mahoney Funeral Home and Wheelers Mortuary. Information obtained by Gerald Reed in 1962 from the Deming, NM Chamber of Commerce shows burial in Mountain View Cemetery in Sunset Plot, Row 4, Lot 70. The online transcription of grave-stones in Mountain View verifies his burial there.

1880 census, Big Creek, Neosho Co, KS: Frank was 19 and listed as a Farmer.
1900 census, Pittsburg (Ward 4), Crawford Co, Kansas, at 4098 N. Broadway St. The index lists them as Hoyber: Frank , Carrie, and children Roy, Winnie and Harry (listed as Harland). Frank's occupation was Land Lord and Carrie's occupation was Land Lady. Since they didn't have boarders, it's assumed they owned land or property.

Notes for JOHN WESLEY REED: “JOHN WESLEY REED, who is a well known contractor and builder in Estacada, Clackamas county, was born near Cleveland, Ohio, November 11, 1863, a son of Aaron and Elizabeth (Calhoun) Reed. The parents, both natives of Ohio, were married in that state, and a few years later removed to Iowa settling in Mahaska county, where the mother passed away in 1874. About eight years later the father removed to Norton county, Kansas, where he resided until his death in 1907. In their family were eight children, the two eldest of whom
Edward Dobbe of Norton, Kansas; Albert Clinton, who died in Kansas, at the age of thirty-five years; John Wesley, of this review; Ida, the widow of Edward Dobbe of Norton, Kansas; George P., of Billings, Montana; and Charlie E., of Norton county, Kansas. John Wesley Reed acquired a common-school education, and at the age of eighteen started out in life on his own account by working on a farm in Iowa, for three years. He then moved to Wisconsin, where he took up the carpenter and contracting business, which he followed ten years. Subsequently he operated a barber shop for a number of years, and afterward returned to the contracting and building business, remaining in the same until 1901. He later farmed for two years, and in 1903 came to Oregon, settling at Estacada, where he purchased the two first lots of the city, and built its first building. He has erected one third of the buildings now in the town of Estacada, which has a population of over five hundred. At one time he operated a furniture store there and also was interested financially in a general merchandise store. He erected and stocked the largest general merchandise store in Clackamas county and opened and conducted a drug store in Estacada. He was one of the charter members of the State Bank of Estacada and was president of that institution until it changed owners in 1906. He was one of the active organizers and is the manager and leading shareholder of the Estacada Telephone and Telegraph Company. He owns much real Estate in Estacada, some timber land and several tracts of farm land adjoining the town. In 1893 Mr. Reed wedded Miss Lucy M. Oakley, who was born in Monroe county, Wisconsin, a daughter of Henry and Lucy (Barlow) Oakley. Her father was a native of Pennsylvania, and her mother of Wisconsin, and they were married at La Crosse, Wisconsin, where the mother passed away, and where the father is yet living. In their family were seven children: Nola, who is a school teacher; Mrs. Reed; Clinton and Affa, of Wisconsin; Mary E., a teacher; Milton G., of Newburg, Oregon; and June, who is also a school teacher. Mr. and Mrs. Reed have become the parents of five children: Rachael, who was born in 1895, and is attending high school; Russell, born in 1899; a child who died in infancy; Mary Alice, born in 1906; and Florence June, born in 1908. In his political views John Wesley Reed is republican, has always taken an active part in local party affairs and served as mayor for three terms. He has given active and helpful service in educational movements, and has been a member of the school board for six years. Both he and his family are earnest workers in the Congregational church. 191. AARON LEON "PAT"7 REED (PATRICK HENRY6, AARON WATSON5, PATRICK4, DOWNY3, PATRICK2, UNKNOWN1) was born October 30, 1907 in Chanute, Neosho Co, KS664, and died August 24, 1978 in Rockport, Aransas Co, TX, interred Rockport Cemetery665. He married (1) ANNETTE M. "NATTIE" ALLMAN 1926 in KS. She was born Abt. 1908 in MO, and died Bet. 1930 - 1938 in Prob. KS. He married (2) GLADYS MARIE FINTER Abt. 1937. She was born July 26, 1914 in MO, and died April 26, 2004.
Notes for AARON LEON ‘PAT’ REED: According to his daughter-in-law, Pat and Gladys sold their Illinois farm to buy two grocery stores, one in Hoisington, KS and one in Russell, KS. After selling his two grocery stores in Kansas, he retired to Rockport, TX. Aaron and Annette were divorced in 1936. Later he operated a Confectionary in Rockport, TX called "The Jewel Box, and they had imports from all over the world." ... "My father-in-law was not a large man. I think he was 5’7” or maybe 5’8”. He never put on weight, even thought he enjoyed ice cream pies and cream gravy! Gladys always kept a garden, up to the year before she passed away (2004), so they always had good home cookin’! He smoked a lot, and I supposed that contributed to his stroke and hear condition in his early 60s. He was fair with sandy colored hair and clear blue eyes. He had a very high IQ and new all things in nature (rocks, gems, plants, animals, etc) by their Latin name, and then their common name.. He had a vivid memory, and was quite a poet, on the spot. He had quite a sense of humor, and enjoyed creating puns and jokes. He and Gladys were active in the Masonic Lodge, Eastern Star, and when Bob was a teenager, the Junior Oddfellows. Pat designed a band shell for the beach in Rockport, and it is still there. The Jr. Oddfellows earned the money for its construction. I think the history on the bandshell has been forgotten, and the new timers don't really care to know the truth.

Memorial Statement: Herbert Henry Schwartz
March 14, 1903 — May 14, 1962
"Herbert Henry Schwartz, Professor of Entomology and head of the Department of Entomology, died suddenly May 14, 1962. His untimely death was a tremendous shock and a sad loss to family, friends, and associates."
Professor Schwartd was a native of Kansas and received the B.S., M.S., and Ph.D. degrees from Kansas State University. Early in his college career, which was leaning toward chemistry as a major field of interest, he had an opportunity to work on the problem of pests that attack stored wheat. That proved to be a turning point in his professional career. He changed his major field to entomology and zoology, with a background in chemistry to support it. After completing the work for his Master’s degree, he joined the Bureau of Entomology and Plant Quarantine of the U.S. Department of Agriculture to work on control of deciduous-fruit insects in northwest Arkansas. Shortly thereafter he was appointed to the faculty of the University of Arkansas as an assistant entomologist. His pioneering work on the biology, ecology, and control of blood-sucking flies—particularly those that attack farm livestock—received national and international recognition. Further, his original research on pests of rice fields, including the rice water weevil, storage pests of rice, and mosquitoes and gnats that breed in the inundated fields, provided the basis for control of many of these insects. In 1938, Cornell University invited Dr. Schwartd to join its faculty in the Department of Entomology and Limnology. In 1957 he was appointed head of the department. Professor Schwartd was a stimulating teacher, and many of his students went on to graduate study and to positions of professional responsibility. His interest in his students was by no means confined to their academic needs—many times his keen sense of personal balance steadied and guided a graduate student who was shaken by grief or disappointment. Professor Schwartd had a boundless enthusiasm for his work and a fund of patience and humor that endeared him to everyone. At Cornell he served in many capacities: first, he worked on the control of insect pests of forage crops, then on control of pests of stored products, and finally on control of livestock insects. His genuine interest in the welfare of farm people and in the industries that provide the goods and services for modern pest control brought him into contact with people in all walks of life. Probably no group in the entomological profession loved “Herb” more than his many friends in industry. He worked with them on a wide array of problems and was always ready to help with the issues that constantly arise in the rapidly expanding field of pesticides. Because of his ability and prominence he was sought by all levels of government and industry for advice and assistance. This invaluable leadership tied college and industrial personnel into a working team for the benefit of producers everywhere. In the year before his death Professor Schwartd participated in a policy planning conference in Rome sponsored by the Food and Agriculture Organization of the United Nations. Here international policies for pesticide application and use were established.

Professor Schwartd’s publications were extensive and covered a range of interests from fundamental insect biology to policy development in a wide scale of pesticide-application problems. His membership in professional societies included Sigma Xi, Gamma Sigma Delta, Phi Mu Alpha, Phi Zeta, the American Association of Economic Entomologists, and the Entomological Society of America. He served often on committees in the latter two organizations. Many university committees received his support and counsel, and the changing problems in academic development, his thoughtful attention.

His wife, Bernice Hedge Schwartd, his two children, and six grandchildren were a source of continuous pride and joy to Professor Schwartd. A capable photographer for many years, he attained professional competence in this art in recent years, with his grandchildren as the stimulus.

In the passing of Herbert Henry Schwartd the university has lost a distinguished professor and educational leader; his friends and associates, a man they can never replace. Yet in knowing and working with him, our lives are immeasurably richer, and his memory will ever be a part of us. R. F. Holland, G. C. Kent, C. E. Palm
